Re: GM No. 418

The Maui Police Department wholeheartedly supports the nomination of Assistant Chief Clayton Tom to the Wireless Enhanced 911 (E-911) Board. We feel Assistant Chief Tom's abilities, professionalism, and dedication to his community will benefit both the E-911 Board and public safety; thereby saving lives and further protecting our citizens.

Our support for his appointment to the E-911 Board initially began when this nominee was promoted to his present rank (Assistant Chief) on February 16, 2006. Thereupon, Assistant Chief Tom was assigned to handle all matters involving the state's E-911 system.

Our confidence in Assistant Chief Tom can further be identified when he was our negotiator for Homeland Security Funds, and by establishing cooperation among various county agencies, Assistant Chief Tom successfully acquisitioned funding for critical communications infrastructure and officer safety equipment. He also served as the department's legislative liaison and communicated the Maui Police Department's opinion on bills for acts that would impact public safety and law enforcement. For over twenty-five years, Assistant Chief Clayton Tom's career has been nothing short of impeccable.

TO THE WIRELESS ENHANCED 911 BOARD
(GM 418 & GM 419)

The Honorable Chairpersons and Committee Members:

The Department of the Prosecuting Attorney for the County of Maui strongly recommends confirmation of Clayton N.Y.W. Tom's nomination to serve on the Wireless Enhanced 911 Board.

For the past ten years or so, I have had an opportunity to work with Clayton N.Y.W. Tom in his capacity as a police officer with the Maui Police Department. During that time, I've observed him advance through the ranks from Sergeant to his current position as Assistant Chief. Needless to say, his quick advancement was due to his strong work ethic, sound judgement, and his years of training and experience with the Maui Police Department.

Furthermore, A/C Tom's most recent promotion as Assistant Chief of the Support Services Bureau makes him extremely qualified to sit on the Wireless Enhanced 911 Board. Indeed, his years of training and experience as a "first responder", in addition to his current responsibilities which include supervising the MPD's 911 dispatchers, undoubtedly makes him an invaluable resource to the Wireless Enhanced 911 Board.

Based upon the above, we strongly recommend the Committee's confirmation of Clayton N.Y.W. Tom to serve on the Wireless Enhanced 911 Board. Thank you for the opportunity to testify.

Subject: LETTER OF SUPPORT

Dear Honorable Will Espero,

Re: Letter of Support for the Recommendation of Mr. Clayton N. Tom to serve of the Governor's Wireless Enhanced 911 Board

Mr. Tom and I have been employed by the Maui Police Department for about twenty-five years. Unfortunately, I never had the pleasure of working closely with him until February 2007.

In February 2007, Mr. Tom was promoted to Assistant Chief of Support Services and became my immediate supervisor. Support Services encompasses the Communications Section which is directly affected by the E-911 Wireless system.

Mr. Tom's office is less than 30 feet away from mine. As such, I have been able to closely observe his work ethic. I have found Mr. Tom to be intelligent, personable, fair and tenacious. His work ethic demonstrates clear thought followed by undaunted and untiring action.

Mr. Tom is an ideal candidate to be selected to sit on this extremely important board. His commitment to his family, co-workers and the community ensures that the board will perform at the highest possible caliber.

I welcome any questions that may further clarify this recommendation.

I recommend favorable consideration of Assistant Chief Clayton Tom's appointment to the Wireless Enhanced 911 Board. Thank you for this opportunity,

Dear Senator Espero:

Re: Nomination to the Wireless Enhanced 911 Board

In response to your letter dated February 19, 2008, I have provided the following information to assist the Senate with the confirmation process.

A position on the Wireless Enhanced 911 Board would give me the opportunity to increase the efficiency and effectiveness of the Public Safety Answering Points (PSAPs) handling of wireless emergency calls, increasing the overall public safety and response to emergencies.

The Board consists of members of the Public Safety Answering Points (PSAPs) and Wireless Service Providers that administer policies and procedures to manage the Wireless Enhanced 911 Fund to enable PSAPs receiving calls from wireless phones the ability to see the caller's identification and location.

I am presently the Assistant Chief of the Support Services Bureau of the Maui Police Department with over twenty five years of service. During the course of my career in law enforcement, I have been assigned in the patrol districts on the islands of Maui, Moloka'i, and Lana'i. My experience in the specialized units includes the Vice Narcotics Section, Criminal Investigation Division, Criminal Intelligence Unit, Special Response Team, and the Communications Section. My extensive knowledge has benefited the entire organization and not just one entity. I am confident this trait would benefit the Board which represents the State of Hawaii.

As a member of the Board, I would work towards overall public safety in regards to emergency response, not only for the County of Maui, which I represent, but statewide, as the stated purpose of the Wireless Enhanced 911 Board. I am committed and dedicated to provide my expertise and knowledge for the four year term as a member of the Wireless Enhanced 911 Board.

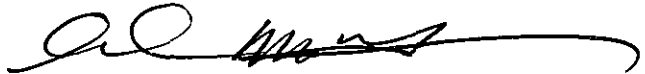

Three qualities that would best describe me are that I am assertive, trustworthy, and possess the ability to work well with others. As mentioned earlier, I have over twenty five years of public service, and I believe these qualities are a definite benefit for the Board that is entrusted to serve the public.

My experience for the past year as the Assistant Chief of the Support Services Bureau, includes command of the Communications Section; Plans, Training, Research and Development Section; Community Relations Section; Technical Services Division; Records Section; Information Technology Section; Radio Shop; and the Motor Pool. I have 113 personnel assigned to my bureau which supports the operations of the department to include the Uniform Services Bureau and Investigative Services Bureau. As a member of the Board, my role would also be to serve and support public safety with the funding and technology available.

I do not foresee any possible conflicts of interests that could arise as a member of the Wireless Enhanced 911 Board. In the event a conflict should occur, it will be presented to the Board and addressed appropriately.

Should you have questions regarding my response, please do not hesitate and call me at (808) 281-5794.

Sincerely,
