February 04, 2008

Aloha Chair and House of Representatives,

I am addressing HB 2731, HB 2735, HB 1984, HB 1985, HB 2762, HB 3449.

HB 2731 committee HSH - FIN , Kalanihua have been a big improvement since Alii Security have been contracted to our facility from the hours between 10 p.m. to 2 a.m we are satisfied with the services provided. Our concern is the destruction to our elevators and lobby doors.

Kalanihua and other elderly properties would benefit of the installation of surveillance cameras in the elevators and all housing entrance.

HB1984 -1985 - 3449 HSH, JUD HB2762 - HSH, CPC/JUD

I am concern of the safety and well being to all Public housing residents and feel the need of support from the Police Dept. to divert many of the problems that are now being engaged at this moment. Rules and Regulations are enforced and addressed when witness by residents, who are afraid to speak out because of retaliation and many have been threaten by the people who do drugs and excess drinking on housing property. The concern is to have law enforcement to be involve to accomodate the Hawaii Public Housing Authority to acheive the goals of weeding out the criminal

activities and improving the living standard to all residents not be afraid to enjoy the environment of a safe and secure community.

It would help to stop the violence and the domestic abuse to families that live in these surroundings with in the housing with secured gates, fence and camera's and police to enter the properties against trespassers and any other criminal activities. Security guards are limited in addressing violence in the community and we don't expect them to jeopardize there life against people who have no respect to there uniforms.

I thank you for given me the opportunity to address these concerns and respectfully ask for your support.

Aloha Clarissa P. Hosino
