IN REPLY REFER TO:

February 6, 2008

TESTIMONY OF THE DEPARTMENT OF TRANSPORTATION

HOUSE BILL NO. 2856

COMMITTEE ON TRANSPORTATION

The Department of Transportation (DOT) requests that you defer this bill.

The DOT supports legislation (such as last session's House Bill 70, H.D. 3) to authorize electronic collection of tolls on state highways. However, we do not believe that road pricing as implemented in jurisdictions such as Singapore and London would be politically feasible in Hawaii.
