Re: Support for HB3002

Dear Chair Waters,

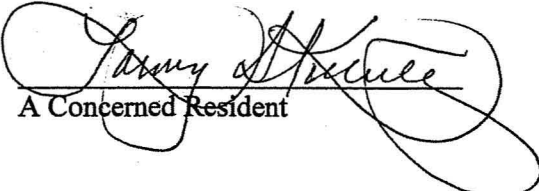

I am a resident living at Kukui Plaza. For many years prostitution has been a problem for our complex. In addition to prostitution, the criminal activities that follow it, such as increased violence and drug trafficking, pose an even greater concern. There is no doubt that prostitution and its related activities have been instrumental in making families throughout the community feel unsafe. We cannot forget that back in July of 2006 there was a shooting death of an individual steps away from our facility.

Over the years, our Association has played a major role in trying to combat this problem. Management has increased exterior lighting and installed additional security cameras. Our security department completes special patrols of Kukui Street to report criminal activity. We also have a group of residents that perform a weekly citizen's patrol. Unfortunately, there is only so much that we as individual citizens can do.

It has come to my attention that a bill (HB3002) has been submitted in relation to prostitution by making a third and any subsequent conviction of a person paying for sex a Class C felony. I believe that providing tougher penalties may be the only solution we have left to combat this ongoing problem. In fact, in past meetings held with law enforcement officials they have stated that without having tougher penalties to back up their convictions there is little or nothing they can do towards eliminating or even decreasing prostitution.

I would like to urge you and the fellow judiciary committee members to please hear and pass HB3002. The residents here at Kukui Plaza and throughout the downtown area deserve the same quality of life that citizens living outside the area take for granted. Thank you for your time and consideration.

Sincerely,

A Concerned Resident

Re: Support for HB 3002

Dear Chairman Waters,

I own and occupy a unit at Kukui Plaza.

I support Bill HB3002 in relation to prostitution. It is a reasonable approach to combat this chronic problem, and its time has come.

My neighbors and I would appreciate your support of this Bill.

Thank you.
