Testimony in Support of HB3260

I support HB3260 for bag limits. I encourage you to support this bill.

Coral reef degradation is Hawaii's largest threat to the future of tourism and it directly relates to the quality of life of Hawaii's people. Every member of the food chain is important. Please help them.

Subject: support for bag limit bill HB3260

Thank you for considering HB3260, the bill to place bag limits on certain types of fish. With Maui's population increasing and with fishers now coming from Oahu on the Superferry, a bag limit on the fish specified in this bill is one tiny step in the right direction. Please support HB3260.

Thank you,
