Hawaii House of Representatives Legislative Management Committee

Dear James Tokioka, Vice Chairman,

I would like to take a moment of your time to inform you that I oppose House Bill 3352.

I was a former client of Hawaii Disability Rights Center. HDRC helped me with the following: 1) HDRC put together an Advance Health Care Directive for me free of charge.

2) HDRC obtained for me visitation with children when my former spouse did not follow through.

I support HDRC because they support all disabled, such as mentally retarded, mentally ill, and physically disabled.

Please, vote "No" on House Bill 3352.

Sincerely,

Laurette Odani

A Disabled Person
