## **TESTIMONY IN SUPPORT OF HCR91 & HR73**

I am in strong support of HCR91 & HR73, requesting the City and County to conduct a feasibility study to address some major concerns along Kalihi Street.

I am aware that Kalihi Street and its side streets are in need of major repairs and possibly re-pavement. We also need sidewalks in many areas.

I am in strong support of HCR91 & HR73, requesting the City and County to conduct a feasibility study to address some major concerns along Kalihi Street.

We have too many potholes and the damage on Kalihi street and the side streets are substantial.

I am aware that Kalihi Street and its side streets are in need of major repairs and possibly re-pavement. We also need sidewalks in many areas.
