Subject: SB 2155

LATE

This is regarding the Ways and Means committee bill SB 2155.

I am VERY upset by the idea that only those making under \$30,000 get a tax refund. I make between \$30 and 40,000 and feel stiffed. I work very hard for my money and since I am single I pay more than my fair share. The tax money should be returned to those who paid it! This should not be a welfare give away.

Furthermore, I want to know which lawmakers from the Big Island support this scheme. If you would let me know who is on this committee I would appreciate it.
