**TESTIMONY BEFORE THE SENATE COMMITTEE ON
EDUCATION**

RE: SB 2228 – RELATING TO SCHOOL COUNSELORS.

February 4, 2008

**ROGER TAKABAYASHI, PRESIDENT
HAWAII STATE TEACHERS ASSOCIATION**

Chair Sakamoto and Members of the Committee:

The Hawaii State Teachers Association agrees with the intent of SB 2228.

The Association realizes there is a need for more counselors at the middle and high school levels. This bill will appropriate funds needed to do so.

However, with the current implementation of the Weighted Student Formula (WSF), unless these additional funds were to be made categorical, it would enter the WSF pool and be dispersed among the 175,000 students and not fully reach the intended recipients. I would suggest that within this bill a request be made of the DOE to create categorical funds in the areas of need within the WSF. These categories would then be divided by identified students of each area. This structure would allow additional funds for bills with similar intent to target specific areas of need.

Thank you for the opportunity to testify.
