Re: SB 2296 – Proposing Amendments to the Hawaii Constitution Relating to the Issuance of Special Purpose Revenue Bonds.

Good afternoon Chair Sakamoto, Vice Chair Tokuda and members of the Senate Committee on Education. My name is Shawn Malia Kana'iaupuni, PhD, Director, Public Education Support (PEdS) Division of Kamehameha Schools. Thank you for this opportunity to testify in support of SB 2296.

We believe that funding for charter schools is critically important for their success and that charter schools serve an essential role in the education of Hawaii's children.

Kamehameha Schools has been a collaborator in the charter school movement for more than six years now. As part of our Education Strategic plan, KS hopes to significantly impact more Hawaiian children ages 0-8 and grades 4-16+, and their families/ caregivers over the next five years, in collaboration with others whenever possible.

Currently, Kamehameha Schools collaborates with 14 nonprofit tax-exempt organizations, including `Aha Pūnana Leo, OHA, KALO and Ho`okāko`o Corporation, to assist a total of 12 start-up and 3 conversion charters. Kamehameha Schools believes that this collaboration provides more positive educational choices and ultimately academic achievement for Hawaiian students. Through these collaborations, Kamehameha Schools currently assists more than 3,000 students in 13 communities on 4 major islands, within the public education system.

In a report released August 2006 entitled, "Longitudinal Outcomes for Hawaiian-focused charter schools," the Kamehameha Schools research team concluded that Hawaiian-focused charter schools are implementing viable educational strategies, making significant gains over time for the lowest-achieving students. Supporting and replicating the successful strategies found in Hawaiian-focused charter schools may generate a promising return on investment for Hawaiian education throughout the public school system.

Kamehameha Schools supports the intent of SB 2296 which is to provide a greater measure of support for charter schools.

We appreciate this opportunity to submit comments on SB 2296 and support the initiatives of the legislature to further enhance charter schools.

**Testimony in strong support of SB 2296 PROPOSING  
AMENDMENTS TO THE HAWAII CONSTITUTION RELATING TO THE  
ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS with proposed  
amendments**

Facility financing is one of the most important challenges facing charter schools in Hawaii. Except for 2006 when charters received a one-time per pupil facilities appropriation of \$660, charters don't receive any state funding for facilities (except for the five conversions). Instead, they are forced to pay for their occupancy costs out of a per pupil allocation that is already significantly lower than that provided to Department of Education-operated schools.

Having said that (and in spite of a clear obligation under Article X, section 1 of the State Constitution to provide equitable funding for charter school facilities), let's focus on what is achievable and what we can do now to support the big-ticket repair, maintenance and capital improvement needs of all charter schools without partiality by developing the fiscal, administrative and statutory infrastructure needed to facilitate innovative public-private partnerships that can attract robust, diverse and sustainable resource streams from a wide variety of state and national players.

Kanu o ka Aina Learning Ohana urges the passage of this measure with the amendment of adding "charter schools, not-for-profit corporations that support charter schools and community development financial institutions that support charter schools" after "universities" on page 6 line 17, and tracking this language in several other places in the bill.

Sincerely,

Taffi Wise  
Executive Director
