LATE TESTIMONY

We, the undersigned, support Senate Bill No. 2324 and House Bill No. 2066, Relating to Law Enforcement. These measures would require that the Deputy Director for Law Enforcement and the State Sheriff have graduated from a law enforcement academy. Enactment of this State public policy will better ensure that effective State policies will be in place that preserve public and officer safety, appropriate training of state law enforcement officers is provided, and law enforcement practices are implemented and followed to successfully address crime in our State. Thank you for your support.
