EXECUTIVE CHAMBERS
HONOLULU

LINDA LINGLE
GOVERNOR

Testimony of Linda L. Smith
Senior Policy Advisor to the Governor

Before the

Senate Committee on Human Services and Public Housing

Tuesday, January 29, 2008, 1:30 p.m.
State Capitol, Conference Room 16

SB 2187 Making an Appropriation for West Hawaii Housing and
SB 2479 Making an Appropriation for the Kaloko Housing Program

Chair Chun Oakland, Vice Chair Ihara, and Members of the Committee:

I am here in my capacity as a member of the Board of the Hawaii Public Housing Authority (HPHA) in support of SB 2187 and SB 2479, bills to assist the island of Hawaii in providing a temporary shelter for the homeless in West Hawaii.

As a member of the Board of HPHA, I am acutely aware of the struggles homeless families face on all islands and the importance of providing reliable, safe, and clean shelters. These shelters provide an opportunity for homeless families to stabilize their lives, receive basic services such as medical care and clothing, and allow them to begin to save and prepare for moving into a more permanent facility. The track record of shelters such as Next Step and Onelauena on Oahu demonstrate that temporary emergency shelter programs work.

The Island of Hawaii is faced with a special challenge because their only existing shelter will need to close. Recognizing this, Hawaii island has been able to secure a site located in Kaloko Industrial Park in the Kailua-Kona area. The county government has pledged to facilitate the development of approximately fifty multi-family cluster homes on this site.

SB 2187 and SB 2479 propose the appropriation of \$12 million in general funds to build the cluster homes. Given the challenges the State budget current faces, and the reduction in general fund revenues as a result of changes in the Council of Revenue projections, I would suggest that the Committee consider amending these bills to provide general obligation bonding authority to the county to build the facility. Because it is a capital improvement project, bonds are an appropriate way to finance

the construction of Kaloko homes and would afford the county the opportunity to repay the bonds over the life of the project.

I appreciate the opportunity to submit this testimony and look forward to working with the Committee as this and other worthwhile housing projects move through the 2008 legislative session.
