
A BILL FOR AN ACT

RELATING TO GENERAL EXCISE TAXATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that pursuant to the
2 authority granted by Congress under title 10 United States Code
3 section 1071 et seq., the United States Department of Defense
4 established the TRICARE program as the managed care component of
5 the Military Health System, a federal government program that
6 provides health care services to over 9,000,000 Americans,
7 composed of active duty, reserve, and retired members of the
8 United States uniformed services, their family members, and
9 survivors, including approximately 150,000 current and former
10 service members and their family members who reside in Hawaii.

11 The legislature further finds that the purpose and mission
12 of the TRICARE program is to ensure the availability of high-
13 quality, low-cost health care services to members of the
14 uniformed services and their families, which is crucial to
15 ensuring military readiness, national defense, and the health
16 and welfare of the residents of the State.

1 The TRICARE program augments the health care services
2 provided by the United States Department of Defense personnel at
3 military treatment facilities. TRICARE is a program of the
4 Department of Defense, TRICARE Management Activity, which
5 contracts with third-party administrators, known as "managed
6 care support contractors", to establish and maintain networks of
7 TRICARE-authorized civilian health care providers in various
8 regions of the United States. On behalf of the United States
9 Department of Defense, managed care support contractors make
10 advances to health care providers, including doctors, hospitals,
11 and other providers, for costs of health care services provided
12 to TRICARE beneficiaries. The United States Department of
13 Defense reimburses managed care support contractors for the
14 actual cost or advancement made to third party health care
15 providers.

16 The legislature understands that some uncertainty may exist
17 about whether the amounts received by a managed care support
18 contractor of the TRICARE program for the actual cost or
19 advancement to third party health care providers, on behalf of
20 the federal government, are subject to the state general excise
21 tax. The legislature finds that, to avoid increasing the costs
22 of health care services delivered through the TRICARE program

1 and any adverse consequences to members of our uniformed
2 services and their families from the increased costs, it is
3 desirable to clarify that the amounts received by a managed care
4 support contractor of the TRICARE program are not subject to the
5 state general excise tax.

6 The purpose of this Act is to clarify that the amounts
7 received by a managed care support contractor of the TRICARE
8 program for the actual cost or advancement to third party health
9 care providers, pursuant to a contract with the United States
10 for the administration of the TRICARE program, are excluded from
11 the state general excise tax.

12 SECTION 2. Section 237-24, Hawaii Revised Statutes, is
13 amended to read as follows:

14 "§237-24 Amounts not taxable. This chapter shall not
15 apply to the following amounts:
