## HOUSE RESOLUTION

RECOGNIZING THE IMPORTANCE OF BICYCLING.

1           WHEREAS, bicycling can provide multiple and cross-cutting  
2 benefits in policy initiatives that seek to address  
3 transportation needs, limit climate change and energy  
4 consumption, and improve public health; and  
5

6           WHEREAS, bicycle commuters help reduce traffic by leaving  
7 automobiles at home, thus also saving on fuel costs, vehicle  
8 maintenance, and parking expenses; and  
9

10          WHEREAS, the State of Hawaii is home to nearly 1,300,000  
11 people; and  
12

13          WHEREAS, in 2007 there were 1,167,240 registered vehicles  
14 in the State, where the number of motor vehicles nearly equals  
15 the number of residents in the State; and  
16

17          WHEREAS, the rising demand for energy in the global economy  
18 strains the world's dwindling natural resources and contributes  
19 to the increase of harmful environmental pollutants; and  
20

21          WHEREAS, the bicycle, as transportation equipment, creates  
22 zero emissions driven by efficient and abundant human power; and  
23

24          WHEREAS, 35.1 per cent of the State's population is  
25 considered overweight; and  
26

27          WHEREAS, riding a bicycle is an easy way to incorporate  
28 cardiovascular exercise into an active lifestyle, especially for  
29 senior citizens; and  
30

31          WHEREAS, a bicycle allows children to be "free range" and  
32 provides for independence for people too young to drive; and  
33

1           WHEREAS, the National Governors Association states that  
2 "walking and biking are fundamental for transportation and  
3 recreation. There can be no compromise on this issue."; and  
4

5           WHEREAS, the people of Hawaii have shown their support for,  
6 through polls and initiatives, riding bicycles, showing an  
7 awareness and appreciation for bicyclists, and sharing the  
8 streets with the automobile's two-wheeled counterpart; now,  
9 therefore,  
10

11           BE IT RESOLVED by the House of Representatives of the  
12 Twenty-fifth Legislature of the State of Hawaii, Regular Session  
13 of 2009, that Hawaii residents are encouraged to ride bicycles  
14 for transportation as well as recreation; and  
15

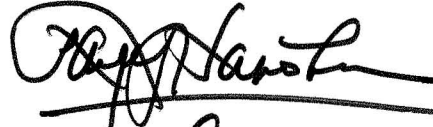

16           BE IT FURTHER RESOLVED that the Department of  
17 Transportation is urged to embrace "Complete Street" policies  
18 that acknowledge the contributions of bicycles as a means to  
19 reduce vehicle miles by integrating bicycle use into standard  
20 street design; and  
21

22           BE IT FURTHER RESOLVED that certified copies of this  
23 Resolution be transmitted to the Director of Health, the  
24 Director of Business, Economic Development, and Tourism, the  
25 Director of Transportation Services of the City and County of  
26 Honolulu, the directors of the agencies responsible for public  
27 works for the respective counties of Kauai, Maui, and Hawaii,  
28 the Chairperson of the University of Hawaii's Department of  
29 Urban and Regional Planning, and to the Director of  
30 Transportation, who in turn is requested to transmit copies to  
31 the Chairperson of the Hawaii State Transportation Commission,  
32 the Chairperson of the Highway Safety Council, the Chairperson  
33 of the Strategic Highway Safety Plan Steering Committee, the  
34 Chairperson of the Hawaii Energy Policy Forum, the Chairperson  
35 of the Greenhouse Gas Emissions Reduction Task Force, the  
36 President of the Institute of Transportation Engineers, Hawaii  
37 Section, the President of the Maui Bicycle Alliance, the  
38 Executive Director of Peoples Advocacy for Trails Hawaii, the  
39

1 Executive Director of the One Voice for Livable Islands  
2 Coalition, and the Executive Director of the Hawaii Bicycling  
3 League.
