A BILL FOR AN ACT

RELATING TO HISTORIC PRESERVATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that section 6E-10,
2 Hawaii Revised Statutes, which prevents any county building
3 department from issuing a building permit for demolition,
4 construction, or alteration of any privately-owned building over
5 fifty years old, until after the applicant has provided the
6 department of land and natural resources with archival quality
7 back and white photographs of the building, is overly broad in
8 scope, resulting in unnecessary delays in the permitting
9 process.

10 The purpose of this Act is to narrow the scope of this
11 section by requiring only those privately-owned buildings over
12 fifty years old that are either listed or eligible for listing
13 on the Hawaii register of historic places or National Register
14 of Historic Places to submit archival quality photographs to the
15 department of land and natural resources.

16 SECTION 2. Section 6E-10, Hawaii Revised Statutes, is
17 amended by amending subsection (b) to read as follows:

1 "(b) In the case of any building over fifty years old[7]
2 that is eligible for listing or is listed on the Hawaii register
3 of historic places or National Register of Historic Places, no
4 demolition, construction, or other alteration of the building
5 shall occur until after the owner has transmitted to the
6 department, at the owner's expense, archival quality black and
7 white photographs of the building."

8 SECTION 3. Statutory material to be repealed is bracketed
9 and stricken. New statutory material is underscored.

10 SECTION 4. This Act shall take effect upon its approval.
