[SB 1173](#)
[Testimony](#)

RELATING TO ENERGY EFFICIENCY.

ENE/CPN, WAM

Directs the public utilities commission to establish energy efficiency portfolio standards. Directs the public benefits fee administrator to review energy use patterns and develop an energy efficiency plan. Directs the energy resources coordinator to review energy efficiency in building construction and recommend amendments to county building codes and the state building code. Requires the state building code to contain provisions of the International Energy Conservation Code and directs counties to adopt those provisions. Allows for the review of energy efficiency in existing state buildings and directs the energy resources coordinator to establish energy efficiency guidelines for retro-commissioning and retrofits. Requires existing state buildings to be retro-commissioned no less than every five years. Requires the energy resources coordinator to publish an annual energy efficiency report. Requires energy performance contracts for retro-commissioning to meet energy efficiency standards. Expands the pay as you save pilot program to include photovoltaic energy systems and refrigerator exchanges. Directs the public benefits fee administrator to develop and implement a program to encourage residential retail electricity customers to replace inefficient household appliances with ENERGY STAR appliances. Provides a net zero energy building tax credit to builders of residential or commercial buildings that produce enough energy that is equal to or greater than the energy consumed by the occupants of the building. Directs the public utilities commission to establish a consumer information program on energy efficient properties. Allows a taxpayer who claims the low-income household renter's tax credit to transfer the credit to the taxpayer's landlord.
