I have known Jane for at least 20 years in many different capacities. As a member of the Curriculum Committee at the School of Nursing she receives excellent evaluations on the classes that she teaches so as a faculty member at the University of Hawaii School of Nursing she is excellent. She makes excellent contributions to the Center and is considered a resource by the members. As a recent retiree as V.P. of the HomeCare and Hospice Division of the Health Care Association of Hawaii, she is very involved in the Community. Locally, statewide and nationally her Diabetic knowledge is recognized. I really recommend that she be reappointed to the Hawaii State Center for Nursing.

Aloha,

Rose Ann Poyzer, R.N., BSN MPH
Member of the Hawaii State Center for Nursing Board
