Subject: GM 286 Gubernatorial Nominee Kevin H. M. Chong Kee
to the Stadium Authority

I am in favor and support the nomination of Kevin H.M. Chong Kee to the Stadium Authority.

I have known Mr. Chong Kee for a number of years and over these years, I have done numerous hours of volunteer work with him. His character and integrity are reflective of the high standards by which he lives, works and volunteers countless hours to our state and his community. As a small businessman, Mr. Chong Kee's attention to details and professional service is a mission statement of his ability and honesty and an integral part of his daily business practice and service operations.

In his position as the Chair for the Stadium Authority, he has established a professional and ethical working relationship at the various levels of the stadium's employment structure. His respect for all with whom he encounters reflects of his willingness and commitment. I know and can honestly support his nomination to the Stadium Authority and I urge this Committee to support Mr. Chong Kee's nomination.

Mahalo nui loa for this opportunity to submit my written testimony in support of Mr. Kevin Chong Kee.
