Submitting for consideration and confirmation to the
Health Planning Council, West Oahu Subarea,
Gubernatorial Nominee, FREDERICK SHAW, for a term to
expire 6-30-2013.

March 4, 2009

The Honorable David Ige
Chair, Senate Committee on Health
Hawaii State Capitol
Honolulu, Hawaii 96813

Dear Senator Ige:

Aloha. My name is Frederick Shaw, and I am asking to be reappointed to serve on the West Oahu Subarea Health Planning Council. I have lived in West Oahu for the last 25 years, and during that time I have been performing health care administrative and consulting work.

I am presently employed as a Senior Analyst with Kaiser Permanente Hawaii. Before Kaiser, I was a Statistical Specialist with HMSA, and a Data Analyst with AlohaCare. I also spent 10 years with Waianae Coast Comprehensive Health Center as a Finance Manager and an Information Center Manager. My education includes an MBA from California State University Dominguez Hills,

My health care-related volunteer work has included involvement with the Waianae Coast Community Mental Health Center, the Waianae Coast Coalition for Human Services, and the Native Hawaiian Health Care Act Oahu Planning Committee.

As a West Oahu resident, health care worker, and community volunteer, I believe I will be able to effectively represent my region's health care interests on the West Oahu Subarea Health Planning Council.

I respectfully request that you support my nomination.

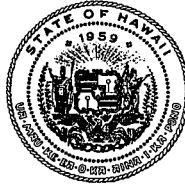

Mahalo,

Frederick Shaw

The statements below address the questions raised on the 2/18/2009 confirmation process letter:

- a) I would like to be re-appointed to the West Oahu Subarea Health Planning Council, so that I may continue to be educated in the health care needs and solutions of West Oahu, and be able to give input to the planning process.
- b) The responsibilities of a member of the Council are to identify health related needs and concerns of the Subarea, and to provide specific recommendations for health related services.
- c) The qualifications that prepare me for the role of subarea council member are my background in health-related businesses, and my interest in the health related needs of the subarea.
- d) During my term of service, I hope to form accurate assessments of the concerns and projects that are evaluated in the West Oahu Subarea Health Planning Council.
- e) Three qualities that describe me, and would benefit the West Oahu Subarea Health Planning Council, are the ability to listen and gather information, evaluate the information, and decide on a course of action.
- f) Previous experiences, that would benefit the West Oahu Subarea Health Planning Council, are my health systems consultant work with former Trust Territories of the Pacific, and my present work at Kaiser Permanente Hawaii. These experiences represented a wide range of health concerns and system capabilities, and will help in the evaluation of health concerns and solutions in my subarea.
- g) There are potential conflicts of interest that may arise during my service on the West Oahu Subarea Health Planning Council. I have been employed, or served on the board, of various care delivery and insurance agencies that provide services in the West Oahu subarea. However, I believe that I will deal with any potential conflict of interest ethically and professionally.
