Dear Senator Taniguchi,

RE: GM347 Nomination to the Board of Registration of the Islands of Kauai and Ni`ihau

This letter is a follow-up to the information needed as part of the nomination process for the above Board.

I have decided to volunteer as a member of the Board because of my interest in devoting some time to public government and community service and that's this Board only meets every two years.

As a Board (Council), I perceive the role and responsibilities as a member by insuring that I make a sound decision based upon the information I receive from the staff, voter and other members of the Board with the goal always that the voter is exercising his/her democratic right to vote.

I believe I'm qualified because as a person who has voted and not missed an election for over 30+ years, I have a appreciation an understanding about the importance of this right as an American citizen and, what it means to a Kauai and Ni`ihau resident who chooses to exercise this important right.

Accomplish in the remaining year of the term of service would be to do all of the above previously stated and conduct myself in an honorable, sensible and respectful manner that is expected of anyone volunteering on this important Board that is activated during the Primary and General Elections every 2 years.

3 Qualities: Good listener, good communicator and person of Aloha.

1 Previous Experience is that I had a career in higher education that promoted access to higher education, wherever a person lived and communicating the importance of what education can do for a person in terms of economic and social change.

Foresee any possible conflicts? My response is none at this time. I would either recuse myself or resign and not waste the publics' time and money.

Mahalo,

Randall Francisco
