Re: GM504 Nomination to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances

Dear Honorable Chairman Ige and Honorable Committee Members:

I am honored to be nominated to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances. Attached is my resume for your perusal, as well as a list of references on my behalf.

As a twenty-five year veteran of the Honolulu Police Department, I have worked in various capacities within our community, and I believe that the Hawaii Advisory Commission on Drug Abuse and Controlled Substances is charged with an important task, which I firmly believe in, and if given the opportunity, I will do my best to support and work towards this great task.

I believe that I am qualified to participate on this Commission, as I am currently a Captain in the Juvenile Services Division of the Honolulu Police Department, and it is a part of my current position to proactively project and strategically plan measures and action dealing directly with drugs and controlled substances within our Community. I recently completed a temporary assignment as a Captain in the Narcotics Division, which has given me further insight into the extreme impacts of drugs and controlled substances in our Islands. Although I work closely with these types of cases, I do not believe that there are any conflicts of interest which would prohibit me from volunteering for this Commission.

From an academic standpoint, I have a Masters of Science in Criminal Justice Administration, and a Doctorate Degree in Educational Leadership; both are advanced degrees which have given me a renewed perspective on Crime and Criminal Behavior within Hawaii. I have started to implement many of my ideas and thoughts within the Honolulu Police Department, and the success thus far has brought about new philosophies and a much more Community-based approach to crime prevention.

If given the opportunity to serve on this Committee, I hope to share with others my philosophies, and also learn from the other members who also have great ideas. Together I believe we can accomplish great things for our State, and make Hawaii a safer environment, which is drug-free and community-oriented.

In the hope of answering some of your questions about my background, I would like to characterize myself as a family man, I have been married for twelve years, and we have one daughter, Kristina, who is nine years old. My family is very active in our Community, and besides playing sports and travelling, I am a die-hard USC fan, my alma mater. Once a week I teach at Chaminade University, in the Criminal Justice Program, and I am very dedicated to my law enforcement foundation.

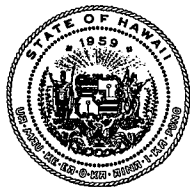

I do my best to lead by example, and to show my daughter how important volunteering is for everyone. I believe that excellence can be achieved for the greater good of all, when a few good people work together towards one common goal. Similarly in this situation, I would say that being a member of this Committee would allow me the opportunity to be a part of a tough challenge, but also a highly important task of addressing our community's needs of education, awareness and drug prevention.

I recently attended the National FBI Academy for a Ten-week Leadership training course, which has recently sparked a further interest that I have in supervision and leadership action plans. Many of these "action plans" are directly related to opening communications with advocate and educational groups within the Community to collaborate and strengthen our base to "work-together" and reach goals that are not only good for law enforcement, but also for the Community in general. This type of Community cooperation is just the type of experience that I am looking for, and I believe that I will be a very dedicated and active member of the Hawaii Advisory Commission on Drug Abuse and Controlled Substances, if I am given the opportunity. Therefore, I respectfully request for your support and confirmation for my recent nomination.

Sincerely,

Louis M. Kealoha, Ed.D.
