

Committee of Hawaiian Affairs

Chair Mele Carroll

HB1612

LATE  
TESTIMONY

My name is Anthony Sang,

I support HB1612 for the following reasons:

- Allow Department Hawaiian Home Lands to provide more homes for the Native Hawaiians on the waiting list. *AMENDMENT is 207  
HHS*
- To carry out its mission to rehabilitate and improve the conditions of the Native Hawaiians as provided by the homestead act of 1920.
- These county tax credits will provide another financial process in the area of affordable homes.
- I urge you to pass this measure and allow it to move forward as a state hood obligation under the Hawaii state constitution.

Mahalo for allowing me to testify,

Anthony Sang
