Subject: SB 2-RELATING TO FIREWORKS

ALOHA Sen. Espero and Marlene:

Mahalo for personally accepting my apology at this afternoon's Hearing of the Public Safety and Transportation Committees, where I got mixed-up on the Agendae.

And, Thank You Senator, for letting me send in now my intended testimony:

"As President of Government Efficiency Teams, Inc., I wish to personally testify strongly in favor of SB 2, which "bans consumer fireworks except for religious and cultural purposes;" and also "requires counties to regulate the hours of sales of fireworks for religious or cultural purposes".

As I mentioned to you on Tuesday, I had to say "personally" above, since I have not been able to reach all of our 9 Directorssome are out of town.

May I also add that I believe the intended amendments discussed at the Hearing this PM will greatly strengthen Senate Bill 2

With kind personal regards.....

Sumner Howard, Pres.
Government Efficiency Teams, Inc
