Subject: Support for SB 418

LATE TESTIMONY

Aloha, Senator - -

I am a resident of the garden isle where crack is a continuing problem and where robberies, assaults, property damage and other criminal activity surrounding the current Cannabis provisions for ill people are an on-going problem. I believe many of the provisions of the currently pending SB 418 go a long way towards solving these issues while also delivering help to those who truly need medical cannabis.

I hope that we can count on your continuing support of SB 418 as amended by you and others.

Mahalo,

Kevin F. Tweedy, Kapaa
