RE: SB 585, SD1 Relating to Remote Dispensing Pharmacies

DATE: Tuesday, March 3, 2009

TIME: 9:30 AM

PLACE: RM. 229

I am submitting testimony on behalf of the Hawaii Alliance for Retired Americans (HARA). HARA represents over 21,000 retirees, members of numerous organizations and individuals. HARA is a chapter of the Alliance of Retired Americans (ARA), a national advocate for seniors and retirees with over three (3) million members.

HARA is in strong support of this proposed legislation.

This bill is very important for residents living in remote areas of our State that do not have pharmacies. For example, it is my understand that the island of Lanai has no pharmacy. Imagine the hardship this creates for these residents. A remote dispensing pharmacy would be wonderful for these consumers.

TESTIMONY IN STRONG SUPPORT SB 585 SD 1

**Tuesday, March 3, 2009
Conference Room 229
9:30am**

The Senate Committee on Consumer Protection & Commerce

To: Senator Rosalyn Baker, Chair
Senator David Ige, Vice Chair

From: Lanai Residents

I support House Bill 655 and Senate Bill 585 relating to remote dispensing pharmacies; better access to medications. Currently, the only dispensary on island is not able to fill the Lana'i community's prescriptions written by other doctors other than the ones present at the dispensary. This poses a significant hardship for me. This law will allow me to fill all of my prescriptions on island regardless if the physician prescribing my medications is present at the pharmacy.

I support House Bill 655 and Senate Bill 585 relating to remote dispensing pharmacies; better access to medications. Currently, the only dispensary on island is not able to fill the Lana'i community's prescriptions written by other doctors other than the ones present at the dispensary. This poses a significant hardship for me. This law will allow me to fill all of my prescriptions on island regardless if the physician prescribing my medications is present at the pharmacy.
