To: THE SENATE

From: Ed Chevy, deaf parent of a deaf child

Date: April 3, 2009

Subject: Hearing id Resolution, SCR 168

This letter of support is for having the private insurance companies cover the cost of hearing aids for children with hearing loss. My son, Clyde, who is Deaf is the third generation in the deaf family. He wears two hearing aids. It makes a difference in his life and those that will come after. We need your help to help our children.

Best regards,

Ed Chevy
