## A BILL FOR AN ACT

MAKING AN APPROPRIATION FOR THE UNIVERSITY OF HAWAII.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that Kailua beach on the  
2 island of Oahu is a unique asset of the State that is the  
3 product of a decades-long natural process of accretion. For the  
4 past several decades, the beachfront of Kailua beach has  
5 increased to the benefit of beach users from around the State  
6 and the nation. Kailua beach is special within the State, as  
7 one of only a few beaches that is fully urban, accreting, and  
8 entirely unarmored. However, this asset remains subject to  
9 erosion related to sand deficiencies at Kailua beach park, as  
10 well as future impacts related to sea-level rise. Because the  
11 southern end of Kailua beach is now subject to long-term  
12 erosion, which is migrating northward with time, it is  
13 imperative to conserve and protect the legacy of Kailua beach by  
14 minimizing current and future impacts of shoreline erosion.

15           SECTION 2. There is established in the University of  
16 Hawaii school of ocean and earth science and technology for  
17 administrative purposes the Kailua beach erosion task force.  
18 The task force shall be composed of six members as follows:

- 1           (1) One member who shall represent the United States Army  
2           Corps of Engineers and who shall be appointed by the  
3           dean of the University of Hawaii school of ocean and  
4           earth science and technology;
- 5           (2) The mayor of the city and county of Honolulu or the  
6           mayor's designee;
- 7           (3) The chairperson of the board of land and natural  
8           resources or the chairperson's designee;
- 9           (4) The director of health or the director's designee;
- 10          (5) One member who shall represent the United States  
11          Geological Survey who shall be requested to serve, and  
12          who shall be appointed by the dean of the University  
13          of Hawaii school of ocean and earth science and  
14          technology; and
- 15          (6) The dean of the University of Hawaii school of ocean  
16          and earth science and technology or the dean's  
17          designee.

18          The dean of the University of Hawaii school of ocean and  
19          earth science and technology shall serve as the chairperson of  
20          the task force. The task force shall not be subject to chapters  
21          91 and 92, Hawaii Revised Statutes; provided that the task force  
22          shall provide the public with thirty days notice of the date and

1 agenda for their meetings. The University of Hawaii school of  
2 ocean and earth science and technology shall provide technical  
3 support to the task force.

4 SECTION 3. The task force shall meet periodically over a  
5 two year period to discuss and recommend strategies to prevent,  
6 mitigate, and reverse beach erosion at Kailua beach, which shall  
7 be deemed to refer to that part of the east shoreline of the  
8 island of Oahu between Kawainui canal to the north and Alala  
9 point to the south, in the Koolaupoko district.

10 SECTION 4. The task force shall submit an interim report  
11 to the legislature, the governor, and the mayor of the city and  
12 county of Honolulu not later than twenty days prior to the  
13 convening of the Regular Session of 2010. The report shall  
14 include but not be limited to a discussion of short-term  
15 measures that may be adopted in order to reduce and mitigate  
16 beach erosion at Kailua beach, including a recommendation to the  
17 department of land and natural resources to place a shoreline  
18 set back for the immediate protection of the public.

19 SECTION 5. The task force shall submit a final report to  
20 the legislature, the governor, and the mayor of the city and  
21 county of Honolulu not later than twenty days prior to the  
22 convening of the Regular Session of 2011. The report shall

# H.B. NO. 1543

1 include but not be limited to a discussion of and  
 2 recommendations for short-term and long-term measures that may  
 3 be adopted in order to reduce, mitigate, and reverse beach  
 4 erosion at Kailua beach.

5 SECTION 6. There is appropriated out of the general  
 6 revenues of the State of Hawaii the sum of \$25,000 or so much  
 7 thereof as may be necessary for fiscal year 2009-2010 and the  
 8 same sum or so much thereof as may be necessary for fiscal year  
 9 2010-2011 for the study of beach erosion at Kailua beach.

10 The sums appropriated shall be expended by the University  
 11 of Hawaii school of ocean and earth science and technology for  
 12 the purposes of this Act.

13 SECTION 7. This Act shall be effective upon approval  
 14 provided that section 5 shall take effect on July 1, 2009.
