
HOUSE RESOLUTION

REQUESTING THE COUNTIES TO REQUIRE EVIDENCE OF SUFFICIENT SPACE
TO PARK A RECREATIONAL VEHICLE WHEN A PERSON APPLIES TO
REGISTER THE VEHICLE.

1 WHEREAS, the number of motor vehicles in the State
2 increases every year, resulting in traffic and congestion on
3 neighborhood streets from vehicles parked on the street; and
4

5 WHEREAS, recreational vehicles are more than twice the size
6 of standard cars and sport utility vehicles, making them too
7 large to park in many garages and driveways; and
8

9 WHEREAS, in some residential neighborhoods with narrow
10 streets, vehicles larger than a standard car or sport utility
11 vehicle that park on the street impede residents from ingress
12 and egress from their driveways to the main roads; and
13

14 WHEREAS, large vehicles, including recreational vehicles,
15 that are parked on the street also pose potential safety hazards
16 by obstructing the view of drivers of oncoming traffic when the
17 driver attempts to make a turn onto another road; and
18

19 WHEREAS, the owner of a vehicle should be responsible for
20 the recreational vehicle and park the vehicle on the owner's
21 property instead of on the street; now, therefore,
22

23 BE IT RESOLVED by the House of Representatives of the
24 Twenty-fifth Legislature of the State of Hawaii, Regular Session
25 of 2010, that this body requests the counties to require
26 evidence of sufficient space on private property to park a
27 recreational vehicle when a person applies to register the
28 vehicle with the county agency responsible for motor vehicle
29 registration; and
30
