
HOUSE RESOLUTION

URGING THE UNITED STATES CONGRESS TO OPPOSE PROPOSALS TO CREATE
A FEDERAL INSURANCE OFFICE.

1 WHEREAS, the National Conference of Insurance Legislators
2 is an organization of state legislators that has an interest in
3 insurance legislation and regulation; and
4

5 WHEREAS, legislation introduced in 2008 by Congressman Paul
6 Kanjorski would create a federal Office of Insurance Information
7 at the United States Department of the Treasury; and
8

9 WHEREAS, in response to this legislation, the National
10 Conference of Insurance Legislators has gone on record to oppose
11 the creation of a federal insurance office; and
12

13 WHEREAS, one of the main reasons that the National
14 Conference of Insurance Legislators opposes a federal insurance
15 office is because the entity is one that may be authorized to
16 preempt state insurance laws and regulations; and
17

18 WHEREAS, on May 21, 2009, Congressman Kanjorski introduced
19 House Resolution 2609, referred to as the Insurance Information
20 Act of 2009, to authorize the Office of Insurance Information to
21 gather and analyze insurance data, coordinate federal efforts,
22 and establish federal policy on international insurance matters,
23 and preempt inconsistent state insurance measures; and
24

25 WHEREAS, on June 16, 2009, President Barack Obama unveiled
26 his administration's financial services regulatory reform plan,
27 which called for the establishment of an Office of National
28 Insurance at the Treasury Department to identify gaps in
29 regulation that could contribute to a systemic crisis, steer
30 insurers to the Federal Reserve to be regulated as new tier one
31 financial holding companies, and assist in administering the
32 Terrorism Risk Insurance Program; and
33

34 WHEREAS, on October 1, 2009, Congressman Kanjorski
35 substituted his proposed legislation, House Resolution 2609,

1 renaming it the Federal Insurance Office Act of 2009, with
2 nearly all of the Obama administration's proposals; and
3

4 WHEREAS, the latest version of House Resolution 2609 would
5 create a more powerful Federal Insurance Office by granting the
6 office the authority to steer insurers to the Federal Reserve
7 for heightened regulation as well as giving the office open-
8 ended responsibilities; and
9

10 WHEREAS, on November 10, 2009, Senator Chris Dodd released
11 a discussion draft of the Restoring American Financial Stability
12 Act of 2009, which resembles House Resolution 2609; and
13

14 WHEREAS, the National Conference of Insurance Legislators
15 continues to strongly oppose House Resolution 2609 and the
16 Restoring American Financial Stability Act of 2009 because both
17 measures would create a federal insurance office; now,
18 therefore,
19

20 BE IT RESOLVED by the House of Representatives of the
21 Twenty-fifth Legislature of the State of Hawaii, Regular Session
22 of 2010, that this body urges the United States Congress to
23 oppose any measure that creates a federal insurance office,
24 including House Resolution 2609, the Federal Insurance Office
25 Act of 2009, and the Restoring American Financial Stability Act
26 of 2009; and
27

28 BE IT FURTHER RESOLVED that certified copies of this
29 Resolution be transmitted to members of Hawaii's congressional
30 delegation and to the Secretary of the United States Treasury
31 Department.
