THE SENATE TWENTY-FIFTH LEGISLATURE, 2010 STATE OF HAWAII S.B. NO. ²⁸²⁵ S.D. 1 H.D. 1

A BILL FOR AN ACT

RELATING TO STATE FUNDS.

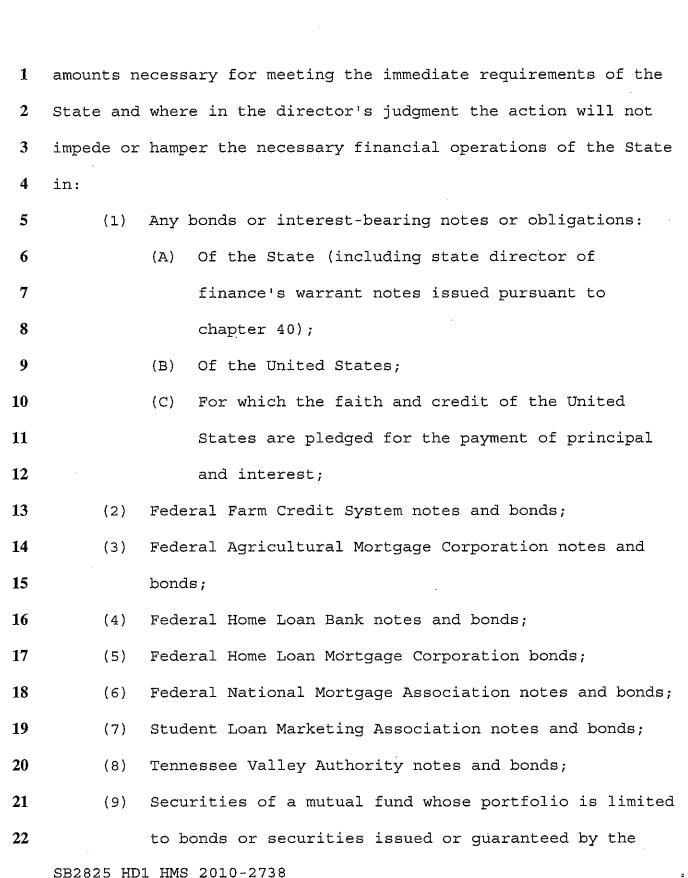

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 The legislature finds that the illiquidity of SECTION 1. 2 one fourth of the State's investments during the present economic downturn is attributable to the State's purchase of 3 4 student loan auction rate securities with maturity dates of 5 eight to thirty-eight years. State law permits investments of excess moneys in specified financial products; provided that the 6 7 investments mature not more than five years after the date of 8 investment. However, the State evidently construed the date of maturity on these student loan auction rate securities to be 9 10 their date of auction, rather than their stated maturity dates 11 of eight to thirty-eight years.

12 The purpose of this Act is to clarify that the five-year 13 limitation for authorized investments with stated maturity dates 14 also applies to the underlying securities of those investments. 15 SECTION 2. Section 36-21, Hawaii Revised Statutes, is 16 amended by amending subsection (a) to read as follows: 17 "(a) The director of finance may invest any moneys of the

18 State which in the director's judgment are in excess of the SB2825 HD1 HMS 2010-2738
