URGING THE EMPLOYER-UNION HEALTH BENEFITS TRUST FUND TO JOIN THE
DEPARTMENT OF HUMAN SERVICES QUEST PROGRAM IN IMPLEMENTING
A HEALTH INSURANCE PUBLIC PURCHASING POOL.

1 WHEREAS, the Hawaii Department of Human Services first
2 received approval to implement the QUEST program in July 1993,
3 from the United States Department of Health and Human Services
4 Centers for Medicare and Medicaid Services; and

5
6 WHEREAS, the QUEST program is designed to provide quality
7 care, ensure universal access, encourage efficient utilization,
8 stabilize costs, and transform the way health care is provided
9 to its members; and

10
11 WHEREAS, the objectives of Hawaii's 1993 QUEST proposal, as
12 documented to the Centers for Medicare and Medicaid Services,
13 were to streamline health service delivery, contain drug costs,
14 control overutilization of health services, develop standard
15 health benefits packages, and develop health insurance public
16 purchasing pools; and

17
18 WHEREAS, the 1993 QUEST proposal called for the phased
19 implementation of various health benefit plans for populations
20 such as: 1) The low-income and needy, 2) the aged, disabled and
21 blind, 3) state employees, and 4) small business associations;
22 and

23
24 WHEREAS, the QUEST program implemented the first phase of
25 its 1993 proposal in August 1994 by providing capitated benefit
26 plans, which include medical, dental and behavioral health
27 benefits, to the State's needy and low-income beneficiaries; and
28

29 WHEREAS, the QUEST program implemented another phase of its
30 1993 proposal in February 2009 by providing capitated benefit

1 plans to aged, disabled and blind beneficiaries through the
2 QUEST Expanded Access demonstration project; and
3

4 WHEREAS, the next phase of QUEST calls for the
5 implementation of a public purchasing pool to procure capitated
6 benefit plans for other groups, including state employees; and
7

8 WHEREAS, the Employer-Union Health Benefits Trust Fund is
9 experiencing financial difficulties due to the current budget
10 deficit, and a public purchasing pool would promote cost
11 containment and ensure the continuation of affordable health
12 benefits to state employees; and
13

14 WHEREAS, the QUEST program is projected to experience an
15 8.3 percent cost increase in fiscal year 2009-2010, and the
16 Employer-Union Health Benefits Trust Fund is projected to
17 experience a 20 to 26 percent cost increase in fiscal year 2009-
18 2010; now, therefore,
19
