# A BILL FOR AN ACT

RELATING TO PHARMACIST LICENSURE.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The University of Hawaii at Hilo, college of  
2 pharmacy, accepted its first class in the fall of 2007, and is  
3 the only accredited pharmacy school in Hawaii and the Pacific  
4 basin. For decades, Hawaii has been viewed as the crossroads of  
5 the Pacific, merging cultures and people from all walks of life.  
6 Thus, students from Hawaii, other states, the United States  
7 territories and possessions, and even other countries, come to  
8 study at the University of Hawaii at Hilo's college of pharmacy.  
9 The University of Hawaii at Hilo college of pharmacy is  
10 currently on track for full accreditation in 2011 when its first  
11 class of pharmacy students will graduate.

12           In order to graduate from the college of pharmacy, students  
13 must participate in advanced pharmacy practice experiences in  
14 their fourth and final year. The advanced pharmacy practice  
15 experiences begin in the summer after the third year of pharmacy  
16 school and includes a minimum of 1,440 hours of practical  
17 experience. Students participate in six different types of

1 rotations. Mandatory rotations include a hospital or health  
2 system pharmacy, an inpatient/acute care facility, an ambulatory  
3 care clinic, and a community pharmacy. Students may take an  
4 additional two electives to fulfill the experience requirements.

5 The first class of the University of Hawaii at Hilo college  
6 of pharmacy will begin their advanced pharmacy practice  
7 experiences rotations in May of 2010. Students will perform  
8 their rotations in the traditional pharmacy setting as well as  
9 other designated advanced practice locations under the  
10 supervision of a registered pharmacist where the practice of  
11 pharmacy occurs. Geographically, the rotations will occur in  
12 Hawaii and other states, the District of Columbia, and the  
13 United States territories.

14 As section 461-5, Hawaii Revised Statutes, is currently  
15 written, only the hours of practical experience performed in a  
16 pharmacy in one of the fifty states may count toward the one  
17 thousand five hundred hours of practical experience required for  
18 licensure as a pharmacist. As such, students who perform their  
19 rotations outside of the traditional pharmacy setting will not  
20 receive credit that counts toward their licensure requirements,  
21 even though those students are engaged in the practice of  
22 pharmacy under the supervision of a registered pharmacist at

1 other designated advanced practice locations, such as clinics  
2 and acute care facilities. Moreover, advanced pharmacy practice  
3 experiences rotations performed in one of the United States  
4 territories or the District of Columbia will not count toward  
5 licensure requirements.

6 Therefore, the purpose of this Act is to ensure that  
7 advanced pharmacy practice experiences rotations performed in a  
8 United States territory or the District of Columbia, or at a  
9 designated advanced practice location under the supervision of a  
10 registered pharmacist, will also count toward pharmacist  
11 licensure requirements.

12 SECTION 2. Section 461-1, Hawaii Revised Statutes, is  
13 amended by adding a new definition to be appropriately inserted  
14 and to read as follows:

15 "Territory" means Puerto Rico, the Northern Mariana  
16 Islands, the Virgin Islands, Guam, or American Samoa."

17 SECTION 3. Section 461-5, Hawaii Revised Statutes, is  
18 amended by amending subsection (a) to read as follows:

19 "(a) Any applicant for a license as a pharmacist shall  
20 submit an application on a form prescribed by the board and  
21 shall provide evidence to the board that the applicant:

22 (1) Is at least eighteen years of age;

- 1           (2) Holds a degree from a school or college of pharmacy or  
2           department in a university which is recognized and  
3           accredited by the American Council of Pharmaceutical  
4           Education;
- 5           (3) Has a minimum of fifteen hundred hours practical  
6           experience in any state or territory of the United  
7           States [~~in a pharmacy~~], or the District of Columbia,  
8           under the supervision of a [~~registered~~] pharmacist who  
9           is duly registered or licensed in the state,  
10          territory, or district where the experience is  
11          obtained. Service and experience [~~in a pharmacy~~]  
12          under the supervision of a registered pharmacist as  
13          required in this section shall be predominantly  
14          related to the [~~selling of drugs, compounding~~  
15          ~~prescriptions, preparing pharmaceutical preparations,~~  
16          ~~and keeping records and making reports required under~~  
17          ~~state and federal statutes.~~] practice of pharmacy as  
18          defined under section 461-1. In the event an  
19          applicant has no practical experience as required, the  
20          applicant may take the examination and upon passing  
21          the examination, shall not receive a license until

1           after the [~~fulfillment of~~] applicant fulfills the  
2           practical experience requirement;  
3       (4) Has passed an examination as may be prescribed by the  
4           board; and  
5       (5) Does not have an encumbered license or a pending  
6           disciplinary action or unresolved complaint in the  
7           practice of pharmacy in any state or territory of the  
8           United States, or the District of Columbia, or if any  
9           license has been or is encumbered, the applicant shall  
10          provide all information requested by the board."

11       SECTION 4. Statutory material to be repealed is bracketed  
12 and stricken. New statutory material is underscored.

13       SECTION 5. This Act shall take effect upon its approval.

14

**Report Title:**

Pharmacy; Licensure; University of Hawaii at Hilo; College of Pharmacy

**Description:**

Broadens the practical experience requirements for a pharmacist license to include experience obtained in U.S. territories and the District of Columbia. Removes the requirement that supervision must take place in a pharmacy. Broadens the experience requirements to relate to the practice of pharmacy. (SD1)
