SENATE CONCURRENT RESOLUTION

REQUESTING THE ESTABLISHMENT OF AN ADVISORY COMMITTEE TO MAKE
RECOMMENDATIONS REGARDING THE CREATION OF A HAWAII ALL-
PAYER HEALTH CLAIMS DATABASE FOR THE PURPOSE OF TRANSPARENT
PUBLIC REPORTING OF HEALTH CARE INFORMATION.

1 WHEREAS, according to the State Scorecard published in 2007
2 by the Commonwealth Fund, Hawaii ranked number one among the
3 states in health system performance and is a leader in improving
4 and reforming its health system; and

5

6 WHEREAS, Hawaii is always seeking to improve the quality of
7 health care provided; and

8

9 WHEREAS, all-payer claims databases provide information
10 necessary to determine utilization patterns and rates, identify
11 gaps in needed disease prevention and health promotion, assist
12 with benefit design and planning, establish clinical guideline
13 measurements related to quality, safety, and continuity of care;
14 and

15

16 WHEREAS, seven states have already established all-payer
17 claims databases and three more states are currently developing
18 programs; and

19

20 WHEREAS, all-payer claims databases provide benefits and
21 information to consumers, employers, health plans, insurance
22 providers, researchers, and state government; and

23

24 WHEREAS, all-payer claims databases increase insurers',
25 hospitals', and physicians' accountability by providing
26 consumers with easily accessed and understood information
27 comparing services, costs, and success rates; and

28

29 WHEREAS, all-payer claims databases will provide the State
30 and hospitals with the comprehensive information necessary to

1 reform Hawaii's hospitals to be cost-efficient without
2 sacrificing their high standard of care; now, therefore,

3
4 BE IT RESOLVED by the Senate of the Twenty-fifth
5 Legislature of the State of Hawaii, Regular Session of 2010, the
6 House of Representatives concurring, that the Insurance
7 Commissioner is requested to establish an advisory committee to
8 make recommendations regarding the creation and maintenance of a
9 Hawaii all-payer claims database for the purpose of publicly
10 reporting health care and health quality data including
11 information on safety, quality, cost, and efficiency at all
12 levels of health care; and

13
14 BE IT FURTHER RESOLVED that the advisory committee shall be
15 named the Committee on the Creation of a Hawaii All-Payer Health
16 Claims Database (Committee); and

17
18 BE IT FURTHER RESOLVED that the purpose of the Committee is
19 to research and report to the Legislature:

- 20
21 (1) What data is necessary to measure the safety,
22 timeliness, effectiveness, efficiency, equity, and
23 patient-centeredness of Hawaii's health care;
24
25 (2) Specific methods and strategies, including mandatory
26 and voluntary reporting, to measure and collect data
27 related to health care safety and quality,
28 utilization, cost to payers and purchasers, and health
29 outcomes;
30
31 (3) Recommendations about the inclusion of data on the
32 uninsured;
33
34 (4) Types of information that allow public and private
35 health care purchasers, consumers, and data analysts
36 to identify and compare health plans, health insurers,
37 health care facilities, and health care providers
38 regarding the provision of safe, cost-effective, high-
39 quality health care services;
40
41 (5) Data elements that foster quality improvement and peer
42 group comparisons;
43

- 1 (6) Strategies to facilitate value-based, cost-effective
2 purchasing of health care services by public and
3 private purchasers and consumers;
4
- 5 (7) Methods to use and build upon existing data collection
6 standards and methods to establish and maintain the
7 database in a cost-effective and efficient manner;
8
- 9 (8) Recommendations on where the database shall be
10 located;
11
- 12 (9) Discussion on whether to harmonize a Hawaii database
13 with other states' and regions' all-payer claims
14 databases and what steps would be necessary to do so;
15 and
16
- 17 (10) Viable options of funding the creation of the all-
18 payer health claims database and a plan for the
19 financial stability of the database; funding should
20 include gifts, grants, fees, or donations; and
21

22 BE IT FURTHER RESOLVED that the Committee consists of the
23 following members:
