

MAR 10 2010

SENATE CONCURRENT RESOLUTION

URGING THE RENEGOTIATION OF LONG-TERM LEASES ON MOKAUEA ISLAND
WITH PERSONS WHO RESIDE ON THE ISLAND AND AGREE TO
PARTICIPATE IN AN EDUCATIONAL CENTER ON THE TRADITIONAL
METHODS USED IN SELF-SUSTAINING HAWAIIAN FISHING VILLAGES.

1 WHEREAS, in Keehi Lagoon, between Honolulu Harbor and the
2 Honolulu International Airport and less than half a mile from
3 the bustling metropolis of downtown Honolulu, lies the small,
4 ten-acre Mokauea Island; and
5

6 WHEREAS, maps dating as far back as 1817 show the fishing
7 village at Mokauea Island, the site of Oahu's last Hawaiian
8 fishing village and one of hundreds that thrived in pre-European
9 times, these villages were a repository of an impressive and
10 significant body of maritime skills including knowledge of the
11 sea, currents, tides, seasonalities, and the building and
12 handling of finely crafted canoes and fishing equipment; and
13

14 WHEREAS, Mokauea Island's fishing community was once
15 entirely self-sufficient due to a functional fishpond,
16 cultivation of vegetable and medicinal plants, as well as limu,
17 and a healthy supply of reef fish in the surrounding area; and
18

19 WHEREAS, in 1972, the State attempted to evict the
20 remaining seventeen families from Mokauea in order to build an
21 airport runway extension, and several fishers were arrested for
22 trespassing on land their families had lived on for generations;
23 and
24

25 WHEREAS, in June of 1975, in a final eviction attempt, the
26 State burned down five fisher's homes, and these actions were
27 recorded by local media and caused a public outcry; and
28

29 WHEREAS, the State negotiated a sixty-five year lease with
30 the islanders in 1978, agreeing to let them stay if they would
31 rebuild their houses according to the building code and

1 establish an educational program for local students to learn
2 about traditional fishing and the reef environment; and

3
4 WHEREAS, the United States Navy provided labor and
5 machinery to construct a fishpond on the eastern side of the
6 Island and consultants from the University of Hawaii helped
7 Island residents stock it; and

8
9 WHEREAS, the fishers and their families rebuilt their
10 homes, and the Mokauea Fishermen's Association began their work
11 restoring and reviving the fishing village with the cooperation
12 of the United States Army and groups of students, teachers,
13 scholars, and scientists; and

14
15 WHEREAS, over the next thirty years, the fishpond faced
16 challenges ranging from invasive species to pollution and was
17 ultimately abandoned; and

18
19 WHEREAS, similarly, the Mokauea Community's plans to
20 rejuvenate the Island have faced many obstacles since that time,
21 the costs of rebuilding together with the high cost of living in
22 Honolulu generally have forced many families off the Island, and
23 by 2005, only a handful of families remained on the Island and
24 none possessed the financial or time resources needed to set up
25 an educational program or the needed facilities without
26 assistance; and

27
28 WHEREAS, since 2005, Kai Makana, a not-for-profit, tax
29 exempt corporation, has been leading the effort to
30 environmentally and culturally restore Mokauea Island by
31 adopting the original vision of the Mokauea Fishermen's
32 Association, and its goal is to recreate a living example of a
33 traditional Hawaiian subsistence fishing village as a learning
34 center that will allow for scientific studies and the
35 perpetuation and practice of Hawaiian fishing and seafaring
36 culture; and

37
38 WHEREAS, projects planned or underway include the clearing
39 of invasive species, identification and reintroduction of
40 appropriate native plants, restoration of the fishpond, and
41 regular removal of marine debris; and

42
43 WHEREAS, infrastructure is also being planned, including
44 renewable energy systems, water production, wastewater and solid

1 waste management, a community organic garden,
2 telecommunications, and security, and these efforts are being
3 supported by a diverse collection of community members, schools,
4 private businesses, and government agencies, who share an
5 interest in preserving Mokauea as a unique Hawaiian fishing
6 village; now, therefore,

7
8 BE IT RESOLVED by the Senate of the Twenty-fifth
9 Legislature of the State of Hawaii, Regular Session of 2010, the
10 House of Representatives concurring, that the Governor is urged
11 to designate the appropriate state agency to renegotiate long-
12 term leases on Mokauea Island with persons who reside on the
13 Island and agree to participate with an educational center on
14 the traditional methods used in self-sustaining Hawaiian fishing
15 villages; and

16
17 BE IT FURTHER RESOLVED that the designated state agency is
18 urged to renegotiate and enter into long-term leases for lands
19 comprising the entirety of what is commonly known as Mokauea
20 Island, Keehi Lagoon, Oahu, not to exceed sixty-five years in
21 duration, with persons who reside and have continuously resided
22 on Mokauea Island, or the lineal descendants of those who reside
23 and have continuously resided on Mokauea Island, since July 25,
24 1978, pursuant to a lease between the State and the Mokauea
25 Fishermen's Association, now known as the Mokauea Fishing
26 Village Association; and

27
28 BE IT FURTHER RESOLVED that the lessees are urged to, in
29 consideration of the leases granted by the State in cooperation
30 with the state agency, agree to participate in, and become an
31 essential part of, an educational center where students,
32 teachers, and other members of the public can learn the
33 traditional methods used in a self-sustaining Hawaiian fishing
34 village; and

35
36 BE IT FURTHER RESOLVED that the state agency is requested
37 to establish a monitoring system and enforcement mechanism to
38 ensure compliance with these agreements; and

39
40 BE IT FURTHER RESOLVED that the designated state agency and
41 the lessees are requested to establish the Mokauea Island
42 Advisory Committee to:

- 1 (1) Advise the state agency on matters related to the
- 2 management of the leases, including eligibility
- 3 requirements for applicants for leases and the
- 4 monitoring of lessee compliance with participation in
- 5 the interpretive programs; and
- 6
- 7 (2) Provide guidance to the lessees in fulfilling their
- 8 obligation to participate in the interpretive and
- 9 caretaking programs on Mokauea Island; and

10
 11 BE IT FURTHER RESOLVED that the designated state agency is
 12 requested to include on the Mokauea Island Advisory Committee:

- 13
- 14 (1) One member representing the state agency, as
- 15 designated by the director or chairperson of that
- 16 state agency;
- 17
- 18 (2) Two members of the Mokauea Fishing Village
- 19 Association, as designated by the Association;
- 20
- 21 (3) One member representing Kai Makana, as designated by
- 22 the Governor;
- 23
- 24 (4) One member of the Native Hawaiian Legal Corporation,
- 25 as designated by the Corporation; and
- 26
- 27 (5) One member of the Board of Trustees of the Office of
- 28 Hawaiian Affairs, as designated by the Board; and
- 29

30 BE IT FURTHER RESOLVED that certified copies of this
 31 Concurrent Resolution be transmitted to the Governor, the
 32 Chairperson of the Board of Trustees of the Office of Hawaiian
 33 Affairs, the President of the Mokauea Fishing Village
 34 Association, the President of Kai Makana, and the Executive
 35 Director of the Native Hawaiian Legal Corporation.
