NOTICE OF INFORMATIONAL BRIEFING

DATE: Thursday, July 15, 2010
TIME: 10:00 a.m.
PLACE: Conference Room 325
State Capitol
415 South Beretania Street

A G E N D A

The purpose of this joint informational briefing is to address the "chronically homeless" segment of the homeless population and discuss the "Housing First Pilot Program" which was passed by the Legislature and became law as Act 212 to address the chronic homeless. Chronically homeless may include those who suffer from a mental illness and/or drug addiction, thus making acceptance to transitional or emergency housing difficult.

I. The briefing will seek to explore plausible service providers for the Housing First Program. The information from the briefing may provide the foundation for the implementation of Act 212.

For the general homeless population, the major reason for their predicament is poverty. In Hawaii the number of homeless may exceed 5,000 on any given day.

The issue of homeless arrivals to Hawaii also adds to Hawaii's homeless and now represents approximately 30% of the state's homeless population. The influx of mainland and non-citizen homeless has caused a substantial strain to the current services for Isle homeless.

Hearing HUS-HSG 07-15-10 Info.

II. New York has a program which affords their homeless the ability to secure transportation back to their home state or country via airfare, bus, or train. Their homeless return home program has a budget of \$500,000 and has already sent more than 550 families back to 25 states across the U.S. and 5 continents.

III. The briefing will review the effect of evicting the homeless from one park, while such homeless may then move to another park. The discussion will consider an option of designating certain "safe zones" for the homeless.

IV. The briefing will review barriers to housing for Hawaii's homeless and seek to identify the major reasons for homelessness in Hawaii. Finally, the briefing will summarize the foregoing concerns and identify viable solutions to effectively reduce homelessness in Hawaii.

The following organizations have been invited to participate in this briefing:

United State Department of Housing and Urban Development
State Department of Human Services
Hawaii Public Housing Authority
The Institute for Human Services
Waikiki Health Center
University of Hawaii's Center on the Family
Hina Mauka
