RE: Nomination of Lindsey J. Kimura, D.C. to the Board of Electricians and Plumbers

Dear Senator Baker,

I am writing to you expressing my interest in being re-nominated to the Board of Electricians and Plumbers for a second four year term.

I would first like to take this opportunity to let you know of my desire to finish my second term on this board. There are certain issues that the board is handling that I would like to see through, in particular the educational standards for both plumbers and electricians with regard to licensure and safety of the public. In addition, the board has been addressing the scope of practice changes that occur when technological changes occur in these fields.

Being a lay person on the board allows me to bring a perspective that the professional board members may not always bring. I take pride in being able to help keep the safety of the public at the fore front of these and other issues.

Should you have any questions regarding my nomination / appointment, please feel free to contact me.

Sincerely,

Lindsey J. Kimura, D.C.
