Dear Senator Fukunaga,

Re: Nomination to the Aloha Stadium Authority

Please find below my responses to your letter requesting information on various points.

2a. With my financial and accounting background and years of experience in the business environment, I feel that I can continue to be a good resource and valuable contributing member to the Aloha Stadium Authority. Having served the past four years as a member of the Stadium Authority, I have gained valuable insight to the workings and needs of the Stadium, which puts me in a better position to be a contributing member for the next four years.

2b. The role and responsibilities of the Stadium Authority are to set policies and directions for the Stadium management and to assure that the management adheres to the Administrative Rules and statues relating to the Stadium. Policies and directions need to be set that assures that the Stadium is operated in a business-like manner that is both cost effective and best serves the needs of the public institutions that utilize the Stadium.

2c. My financial background and expertise, along with my many years of experience as a financial executive in the business environment, have provided me with excellent knowledge and skills in the managing of business operations. This background and experience will help guide me in the decision making responsibilities of the Stadium Authority.

2d. My significant accomplishment during my current term is the chairing of the committee that developed the Request for Proposals (RFP) for the Aloha Swap Meet and the subsequent selection of the vendor to operate the Swap Meet. For the new term, the contract for the Food and Beverages operation will expire and the Authority will have to address the selection of a vendor for the next contract and continue to work with management in the search for new revenue opportunities.

2e. My financial and accounting training and background, my many years of experience as a financial executive in the corporate environment, and my experience as a small business owner have provided me with a wealth of experience that I bring to the Stadium Authority. This experience will be a complement to the skills that other members bring to the Authority.

2f. The members of the Authority come from various backgrounds with varying skills. My financial expertise will be an asset to the collective group, especially since members come with different skills and backgrounds than mine.

2g. I do not foresee any conflicts of interest that could arise during my service on the Stadium Authority. None has arisen the past four years and I don't expect any in the next four.

Sincerely,
