

**GM 251**

GOV. MSG. NO. 251

EXECUTIVE CHAMBERS  
HONOLULU

LINDA LINGLE  
GOVERNOR

February 12, 2010

The Honorable Colleen Hanabusa, President  
and Members of the Senate  
Twenty-Fifth State Legislature  
State Capitol, Room 409  
Honolulu, Hawai'i 96813

Dear Sirs and Mesdames:

In accordance with the provisions of Article V, Section 6, of the Hawai'i State Constitution, I have the honor to submit herewith for your consideration and confirmation, the following nomination to the **ENGINEERS, ARCHITECTS, SURVEYORS, and LANDSCAPE ARCHITECTS, Board of Professional:**

Clayton Chun Yee Pang

Term to Expire: 6/30/2013

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Lingle".

TO THE SENATE COMMITTEE ON  
COMMERCE AND CONSUMER PROTECTION

TWENTY-FIFTH LEGISLATURE  
REGULAR SESSION OF 2010

Friday, March 5, 2010  
9:00 a.m.

**TESTIMONY ON GOVERNOR'S MESSAGE NO. 251.**

TO THE HONORABLE ROSALYN H. BAKER, CHAIR,  
AND MEMBERS OF THE COMMITTEE:

My name is James Kobashigawa and I am the Executive Officer for the Board of Professional Engineers, Architects, Surveyors and Landscape Architects, Department of Commerce and Consumer Affairs ("Department"). The Department thanks you for the opportunity to testify on Governor's Message No. 251, regarding the appointment of Clayton C.Y. Pang to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects ("Board"). The Department supports the confirmation of Mr. Pang's appointment to the Board.

Mr. Pang has served on the Board as an interim appointee since August 13, 2009 and is being appointed as a professional engineer member. He has been licensed since August 31, 1976, and his license is current, active, and in good standing.

Mr. Pang is a reliable member and has attended 6 of 7 meetings. He prepares for the meetings and participates in discussions. In addition, by sharing valuable

insights that he has gained over his many years of experience as a professional engineer in the discipline of electrical engineering, Mr. Pang contributes to the breadth of information that the Board has found useful when making its decisions. Also, the Board depends on his expertise in reviewing electrical engineering applications.

The Department believes that Mr. Pang's interest in serving on the Board, his experience in the profession and desire to contribute to the community will continue to enhance the effectiveness of the Board.

Therefore, the Department supports the confirmation of Clayton C.Y. Pang to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects and thanks you for the opportunity to provide testimony.

Ian L. Sandison

Re: Governor's Message Number 251 - Submitting for consideration and confirmation to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects, Gubernatorial Nominee, CLAYTON CHUN YEE PANG, for a term to expire 6-30-2013.

Chair Baker, Vice Chair Ige and Members of the Committee:

I am writing in strong support of Mr. Pang's appointment and confirmation as a member of the Board of Professional Engineers, Architects, Surveyors and Landscape Architects. Mr. Pang is personally known to me in his capacity as Scoutmaster of Boy Scout Troop 1 (a position he has held since 1992). My son has been a member of Troop 1 for the last two years and my wife and I have served as Assistant Scoutmasters for the Troop for approximately one year. In that context, I have had the opportunity to participate in numerous Troop activities with Mr. Pang, including extended mainland and outer-island camping and hiking trips, Troop Committee meetings, Troop meetings, service projects and leadership training events. Based on that experience, I can say without qualification that Mr. Pang's character as a leader and role model is exemplary. He has consistently organized and led numerous events as well as guided an untold number of scouts to the rank of Eagle (9 that I am aware of in the last year). The judgment, commitment and people skills he demonstrates as a Scoutmaster will no doubt be applicable to his role on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

I most strongly urge this committee to confirm Mr. Pang.

Very truly yours,

Ian L. Sandison

Re: Governor's Message Number 251 – Submitting for consideration and confirmation to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects, Gubernatorial Nominee, Clayton Chun Yee Pang, for a term to expire 06-30-2013

Ladies and Gentlemen:

I am writing in support of Mr. Pang's appointment and confirmation as a member of the PEALS Board.

For the past 37 years, I have had the pleasure of working with Clayton Pang. We started out as co-workers in another engineering firm, and in 1984, Clayton started his own practice with a former co-worker. As an employer, Clayton, is extremely committed to his profession as an electrical engineer, and has shown to be a generous mentor sharing his knowledge and work experiences in the trade. He is hard working and energetic and well liked by his employees.

Clayton has unselfishly given his time and talent to volunteering for many organizations. He currently is and has been serving as Punahou School Troop 1 Scout Master for the past 18 years. His love and passion for scouting is demonstrated in his ability to guide his scouts to achieving the rank of Eagle Scout. Clayton also has been actively involved in the American Cancer Society's Relay for Life event.

I have witnessed only good things from Clayton from the lengthy period of time that I have known him. Please consider him as someone with integrity and high moral character.

Sincerely,

  
Maureen M. Yamasaki

**CLAYTON C. Y. PANG**  
**STATEMENT OF INTEREST**

I was asked to serve on the Board of Professional Engineers, Architects, Surveyors and Landscape Architects by a board member when a vacancy opening occurred. I felt that this was an opportunity to volunteer and to give back to the profession, something that I strongly feel that everyone should do.

My role in the board would be to help review applications of engineers that are attempting to become licensed in the field of electrical engineering. I would review their requirement for work experience and see if it would qualify for the 4 years necessary to become licensed.

I have over 37 years of electrical engineering experience and have been actively involved in the design of numerous projects which include lighting design, power distribution, emergency generator systems, fire alarm systems and energy conservation systems. The projects include retail shops, schools, hotels, hospitals, office buildings, industrial facilities, as well as medium voltage distribution systems.

I believe in being fair, honest, objective and open-minded when evaluating an applications or situation.
