MUFI HANNEMANN
MAYOR

GORDON J. BRUCE
DIRECTOR & CIO

January 27, 2009

The Honorable Faye P. Hanohano, Chair
and Members of the Committee on Public Safety
State House of Representatives
State Capitol
Honolulu, Hawaii 96813

Dear Chair Hanohano and Members:

**Subject: House Bill No. 205
Relating to Wireless Enhanced 911; Audit**

As representative of the Oahu Public Safety Answering Points (PSAPs), we support House Bill No. 10, which requests for an audited report of the wireless enhanced 911 fund, as scheduled.

Thank you for the opportunity to testify.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Gordon J. Bruce", is written over a horizontal line.

LATE TESTIMONY

January 29, 2009

The Honorable Representative Rep. Faye P. Hanohano
Chair, Committee on Public Safety
Hawaii State Legislature

RE: E911 Legislation (HB 10, HB 203 and HB 205)

Dear Rep. Hanohano and Members of the Committee on Public Safety:

AT&T commends the Hawaii Legislature for carefully examining the status of the state's E911 fund. The fund and 66-cent surcharge were established to provide valuable cell phone location technology that helps first-responders provide emergency and sometimes life-saving services to our customers. AT&T supported the establishment of this program, however, it is also important to ensure that wireless customers are not over-taxed and that the fund has been set at the appropriate level. It is also important that audits are conducted to ensure that the surcharges collected are being used as intended in the original E911 law.

The three bills before your committee today – HB 10, HB 203, and HB 205 – each take a different approach to these issues. In deciding the correct action to take, we urge the committee to:

- ensure that adequate funding is provided to the E911 operators to support emergency location technology;
- the E911 surcharge is set at the appropriate level to provide this funding; and
- a careful and regular review is conducted of E911 operations to ensure that funds are being spent properly.

AT&T will continue to follow this legislation carefully and we are available for any questions you might have about E911 services and policies.

Respectfully Submitted,

Dan Youmans
Director, External Affairs
