Re: HB 2160

Rep. Mizuna & committee

My name is Mari Pratacio, member of Pakea and Pakea Legislative Committee, we support this bill since its major beneficiaries are vulnerable and in some cases voiceless Senior citizens. Thank you for watching out for us.

On the caregivers plus side, this educational period will advise them of new rules (State & Federal) new agencies, resources, services, and safety measures that come up that they may not be aware of.

I'm sorry I had to write this as I make my simple to use computer answer!
