RE: Testimony in Strong Support of HB2263. Related to Highway Safety

Chairman Karamatsu and Committee Members:

I am in support of HB 2263.

Obtaining a provisional driver's license after the age of 17 ½ can be a disadvantage for students who want a full license at 18. This is because of the requirement to hold the provisional license for a minimum of 6 months,

regardless of age. It is simply common sense to change this law to require the provisional driver's license for 6 months OR until the driver is 18, whichever comes first.

Respectfully,
