SUPPORTING TESTIMONY RELATING TO: House Concurrent Resolution 123

Aloha Chair Espero, Vice Chair Bunda and Members of the Committee:

On behalf of Enterprise Honolulu, the O'ahu Economic Development Board, we are in support of HCR 123 advocating aerospace as a strategic and timely growth industry for the State of Hawai'i.

We support the request that the State Administration take proactive, coordinated and sustained action, to fully realize the significant scientific, educational, commercial and long term positive benefits the aerospace industry can bring to our State.

We believe this resolution will greatly assist in efforts to grow the aerospace industry here in Hawai'i, creating new high paying jobs, diversifying our economy and providing new exciting challenges for our youth.

Thank you for allowing this testimony to be included at this hearing.
