RE: HCR 28 - Approving the sale of the fee simple for 94-940 Meheula Parkway, Mililani,  
Hawaii

We are the current lessees of 94-940 Meheula Parkway, Mililani, Hawaii and we support HCR 28. This resolution is important because the HHFDC, my wife and I were not able to complete the sale of the leased fee interest on our property before Act 176, Session Laws of Hawaii 2009 became law. We need the Legislature's approval to allow us to purchase the leased fee interest in our home. The purchase of the leased fee would provide us with a feeling of security knowing that we will have true ownership of the property which in turn would give us financial stability during our later years. Your approval would be truly appreciated.

Thank you for allowing us to submit testimony in support of HCR 28.

Sincerely,

Mr. and Mrs. Thomas D. Bookman
