Representative Karl Rhoads, Chair (LAB)
House of Representatives
State Capital

Please accept my brief comments regarding the use of an out of State, mail order, pharmacy service by the EUTF. I cannot judge the financial impacts on the EUTF but do know that the use of out of State mail order has had a negative impact on our local pharmacy. I hope that the EUTF will be reverse this decision so that we may keep the business here and support our local pharmacies.

Sincerely,
