

TESTIMONY IN SUPPORT OF HCR75 & HR 33

I provide this testimony in support of HCR75 & HR33, urging the NCAA to implement a “plus-one” model playoff system to determine a true national champion in college football.

The college football bowl champion for NCAA division one schools is the only NCAA-Sponsored sport without a tournament or playoff system to determine a true national champion.

This resolution simply urges the NCAA to start a “plus one” playoff system for the top four ranked teams in the nation. This would determine a true national champion in college division one football.
