Dear Chair English and Committee Members:

Subject: S.B. No. 2266, Relating to Driver Licensing

The **City and County of Honolulu is opposed to S.B. No. 2266** which allows driver license applicants to indicate their blood type on their driver license application form and print their blood type on their driver license card.

We are concerned that indicating a self-declared blood type on the driver license card may result in the unintended serious consequence of medical personnel relying on the printed blood type as being correct and verified.

The City and County of Honolulu **urges that S.B. No. 2266 be held.**

Sincerely,

  
for Gail Y. Haraguchi  
Director
