Re: Testimony in STRONG support of SB 2545

To Whom it May Concern:

Thank you for the opportunity to offer testimony.

I am in support of SB 2545 as it supports local businesses. In particular the current rules limit the annual production of a Brewpub licensee. As brewing is a rapidly growing and vibrant business here in Hawaii we must support this legislation in order to allow the rules to grow with business. Currently a Brewpub, is limited to 10,000 barrels of production in a given year. We are fortunate as a State that brewing has been successful to the point that we must raise the limit. In today's economy we must nurture businesses that are contributing to our growth and not stifle them. These businesses contribute a significant amount of taxes to the State as well as supply many jobs to our kama'aina.

I urge you to pass SB 2545 in support of growing and diversifying out economy in Hawaii.

Sincerely,

Thomas Kerns
Big Island Brewhaus

Subject: increase annual barrels a year

Please help to pass this through that we can increase the annual limit of 10,000 barrels a year production to 30,000 so we can support local business and keep the great products on the Islands. It's important to local businesses.
