Strong support for Ban on Non-Biodegradable Plastic Checkout Bags

Aloha Chair Gabbard, Vice Chair English, and members of the Committee on Energy and Environment,

I strongly support Senate Bill 2559 because plastic is destroying birds and other wildlife, polluting our land and oceans, are not biodegradable, and require fossil fuels to manufacture.

Mahalo for your time and consideration.

Deborah Lynn

Strong support for Ban on Non-Biodegradable Plastic Checkout Bags

Aloha Chair Gabbard, Vice Chair English, and members of the Committee on Energy and Environment,

I strongly support Senate Bill 2559 because this same ban has worked in many other counties. It will also protect our environments, including the ocean. Many animals, birds and humans are negatively affected by these non re-usable bags. They are wasteful and show no thought about our future.

Mahalo for your time and consideration.
