RE: SCR 37 and SR 26 Urging the Governor to use and consider gender equity when appointing judges and justices to Hawai'i courts (Hearing: Monday, March 26, 2010, 9:35 a.m., Room 016)

The Hawai'i Democratic Women's Caucus writes in support of SCR 37 and SR26 which urge the Governor of Hawai'i to use and consider gender equity when appointing judges and justices to Hawai'i courts.

The Hawai'i State Democratic Women's Caucus is a catalyst for progressive, social, economic, and political change through action on critical issues facing Hawai'i's women and girls. It is because of this mission, the Women's Caucus strongly supports this measure which encourages gender equity in our courts.

Concerned that seven women announced their retirements from the judiciary in 2009; and that only 5 of 19 appointments by the governor were women; the Women's Caucus, on January 21, 2010 wrote to Governor Linda Lingle. In the letter, the caucus expressed its concern over the gender imbalance of the courts. Namely:

- Ed Nacino and Ed Kubo were nominated to fill two circuit level judicial vacancies. In both cases, there were equally qualified or superior women candidates.
- An Intermediate Court of Appeals vacancy was filled by Larry Reifurth, Director of Department of Consumer Affairs. A well-qualified woman, Judge Sabrina McKenna, was on that list and not selected.
- Currently only 34-40% of sitting judges are women. Every time a woman judge leaves, and is not replaced, the percentage drops.

During this legislative session, Lisa Ginoza was confirmed to the Intermediate Court of Appeals and Robert Browning was confirmed to the Circuit Court of the First Circuit.

On February 22, 2010, the Judicial Selection Commission announced a notice of anticipated judicial vacancies. The commission is currently accepting nominations and applications for district (2), circuit (1), and supreme court (1) levels. We urge the governor to use these four judicial openings as an opportunity to redress decades of imbalance.

The Women's Caucus also wrote to the Judicial Selection Commission and to the governor, "since most women breaking into traditionally male-held territory must be better qualified than their male counterparts we know that you will have no trouble finding over-qualified women. On behalf of the women and girls of Hawai'i we ask you to consider doing your part in redressing this inequity."

We urge the committee to pass these measures on behalf of the women and girls of Hawai'i. Thank you for this opportunity to provide testimony.

RE: SCR37 and SR26 Urging the Governor to use and consider gender equity when appointing judges and justices to Hawai'i courts (Hearing: Monday, March 26, 2010, 9:35 a.m., Room 016)

The Hawai'i Women's Coalition writes in support of SCR37 and SR26. Gender imbalance in the courts results in inequity in judicial decisions. We do not need a return to the bad old days when women and women's issues were considered of lesser importance in the predominantly male judiciary.

I recall a case in Michigan in the seventies where a male judge freed the rapist of a twelve-year-old girl because "she dressed provocatively."

We are concerned that seven women announced their retirements from the judiciary in 2009; and that only 5 of 19 appointments by the governor were women. Consider:

- Currently only 34-40% of sitting judges are women. Every time a woman judge leaves, and is not replaced, the percentage drops.
- Ed Nacino and Ed Kubo were nominated to fill two circuit level judicial vacancies. In both cases, there were equally qualified or superior women candidates.

TESTIMONY IN SUPPORT OF SCR37 AND SR27

**(URGING THE GOVERNOR TO USE AND CONSIDER GENDER EQUITY
WHEN APPOINTING JUDGES AND JUSTICES)**

HEARING scheduled for Monday, March 29, 2010, 9:35 a.m. in Conference Room 016

TO: COMMITTEE ON JUDICIARY AND GOVERNMENT OPERATIONS

Senator Brian T. Taniguchi, Chair
Senator Dwight Y. Takamine, Vice Chair

In 2009 seven female judges announced plans to retire. Governor Lingle could make several additional judicial appointments during the remainder of her term. To date Governor Lingle has made 19 judicial appointments; of those, only five have been females.

Nationally the percentage of female judges is roughly proportional to the percentage of female lawyers. The Hawaii State Bar Association reports that 40.6% of its membership is female. Therefore, Governor Lingle's appointment rate of 26% is alarmingly low.

There are many reasons why more women should be appointed as judges until gender equity is achieved:

1. Law schools are admitting women in greater numbers, so law students are accustomed to seeing men and women in roughly equal numbers;
2. The composition of the bench should reflect the diversity of population;
3. Since more cases are decided by judges than juries, a diverse bench creates the appearance that you will be judged by your peers;
4. Becoming a judge is generally seen by the legal profession as a crowning achievement of a legal career; women judges serve as role models for attorneys entering the profession;
5. The circuit court judges appointed in 2010 will become appellate judges and supreme court justices of the future.

I urge the committee to pass these resolutions.

Very truly yours,

Jo-Ann M. Adams

RE: SCR 37 and SR 26 Urging the Governor to use and consider gender equity when appointing judges and justices to Hawai'i courts (Hearing: Monday, March 26, 2010, 9:35 a.m., Room 016)

Hawai'i Friends of Civil Rights strongly support this resolution. Our organization values equal opportunity for women, ethnic groups and other groups who have been traditionally excluded from full participation in our society. We believe that good decisions cannot be made if competent and talented members of our community are excluded. Women have proven they have the necessary qualification, experience and dedication to be judges. We believe that diversity is a strength and will contribute positively and improve the judicial system.

As a former chair of the Judicial Commission as well as a UH employee working on equal educational opportunities I can attest to the fact that there are many highly qualified women who could be and should be appointed to the bench. There are many excellent women lawyers yet there continues to be a severe under-representation of women judges. Governor Lingle has unilaterally made the situation worse.

I want to express our deep concern that Governor Lingle does not seem to appreciate the qualified women that have been recommended to her in the past and we urge that she take this opportunity to strengthen and diversify the judicial branch by nominating women on the list.

The Hawai'i Women's Political Caucus (HWPC) strongly supports SCR38/SR 26 and urges your committee to pass them.

It is very unfortunate that recent judicial appointments make such measures necessary. However, it is imperative that we make every effort to reinforce our state's image as one sensitive to issues of gender equity and justice for all members of our community.. We consider this legislation to be a basic and much-needed demonstration of Hawai'i's long-touted commitment to fair play in our courts and elsewhere.

As a multi-partisan organization dedicated to increasing the numbers of women in elected and appointed offices and the betterment of women, families and marginalized groups, we look forward to working with you to help achieve these goals.

Thank you for the opportunity to submit this testimony in strong support of this legislation

Dear Senator Taniguchi and Committee Members:

My name is Charlene Cuaresma. I am a board member of Filipinos For Affirmative Action, which was established more than 40 years ago to advocate for civil rights and social justice issues.

We are grateful that your committee is hearing these important resolutions. Our organization believes strongly that such measures are needed to ensure that gender bias does not detrimentally affect Hawai`i's judicial appointment process. Hawai`i has a pool of qualified, competent and promising women. However, only five women out of nineteen judicial appointments have been made under Governor Lingle's administration.

I apologize that I was not aware of this hearing notice earlier. Please accept my late testimony.

Sincerely,

represents a network of non-profit civic groups with a unified
vision to improve the lives of our Filipino communities.**

**OFCC strongly supports SCR 37 and SR 26. Gender equity in
education, sports, labor, and throughout a civil society is what
distinguishes equal opportunity in America from other nations.
Judicial appointments should not be an exception. However, of
the nineteen judicial appointments made by Gov. Linda Lingle,
only five have been women. This is unacceptable.**

**Gender equity is an important issue that is in keeping with
OFCC's ongoing resolution to address disparities and to advocate
for civil rights issues that will advance the aspirations of all of
Hawai`i's people, including Filipinos, for the collective good.**

**I respectfully ask that you pass these resolutions. Thank you for

DATE: March 29, 9:30 a.m., Hawaii State Capitol, Conference Room 016

Dear Senator Taniguch and Members of the Committees:

I submit this testimony to strongly support these resolutions. My name is Eddie Agas. I am the president of the United Filipino Council of Hawaii (UFCH). We are an umbrella organization with member civic groups from six island councils. UFCH membership is comprised of nearly 5,000 individual members.

U.S. Supreme Court Justice Sonia Sotomayor prevails as a role model to the judicial appointment process across the country in the wisdom that women, including Latino women, contributes life lessons experienced and learned in weighing cases that will impact laws and policies. Likewise, gender equity is an essential foundation needed in order to strike a critical balance of perspective to Hawai'i's judicial appointment.

In 2009, seven female judges announced their early retirement from the Judiciary, which constitutes twenty-five per cent of Hawaii's female judges. Governor Linda Lingle is in the position to appoint replacements for these female judges prior to the end of her term of office. Please vote in favor of this resolution to send a clear message to our governor that gender equity is supported by our Filipino leaders and communities.

Respectfully submitted,

Eddie Agas

To: Sen. Brian T. Taniguchi, Chair; Sen. Dwight Takamine., Vice Chair; Sen. Robert Bunda, Sen. Mike Gabbard, Sen. Clarence Nishimura, Sen. Sam Slom

From: Jake Manegdeg, President, Filipino American Citizens League

My name is Jake Manegdeg. I am the president of the Filipino American Citizens League. The Filipino American Citizens League was formed over ten years ago to contribute to the advancement of civil rights and social justice for minority groups, underserved populations, and vulnerable communities through education, advocacy, and social action.

Filipino American Citizens League proudly submits this testimony to strongly support these resolutions. We support gender equity in Hawai'i's judicial appointment process, and stand in full agreement of the provisions outlined in these resolutions. Though a woman herself, Gov. Linda Lingle's track record of appointing only five women out of her nineteen judicial appointments is disappointing.

As a man and former legislator, I can attest that gender bias must be avoided at the judicial level. Hawai'i must lead by example. Great women leaders from Hawai'i like former Congresswoman Patsy Mink and union activist Ah Quon McElrath advocated for gender equity. Please do the same.

Thank you for hearing this bill. I apologize for this late testimony.

Very Sincerely,

Jake Manegdeg
