THE TWENTY-SIXTH LEGISLATURE
HAWAII STATE LEGISLATURE
APPLICATION FOR GRANTS & SUBSIDIES
CHAPTER 42F, HAWAII REVISED STATUTES

Log No: 40-0

For Legislature's Use Only

REC'D JAN 28 2011

Type of Grant or Subsidy Request:

GRANT REQUEST - OPERATING

GRANT REQUEST - CAPITAL

SUBSIDY REQUEST

"Grant" means an award of state funds by the legislature, by an appropriation to a specified recipient, to support the activities of the recipient and permit the community to benefit from those activities.

"Subsidy" means an award of state funds by the legislature, by an appropriation to a recipient specified in the appropriation, to reduce the costs incurred by the organization or individual in providing a service available to some or all members of the public.

"Recipient" means any organization or person receiving a grant or subsidy.

STATE DEPARTMENT OR AGENCY RELATED TO THIS REQUEST (LEAVE BLANK IF UNKNOWN): DEPARTMENT OF HEALTH

STATE PROGRAM I.D. NO. (LEAVE BLANK IF UNKNOWN): _____

1. APPLICANT INFORMATION:

Legal Name of Requesting Organization or Individual: Hawaii Primary Care Association

Dba:

Street Address: 345 Queen St., Suite 601
Honolulu, HI 96813

Mailing Address:

2. CONTACT PERSON FOR MATTERS INVOLVING THIS APPLICATION:

Name ELIZABETH GIESTING

Title Chief Executive Officer

Phone # 808-791-7820

Fax # 808-524-0347

e-mail bgiesting@hawaiiipca.net

3. TYPE OF BUSINESS ENTITY:

- NON PROFIT CORPORATION
- FOR PROFIT CORPORATION
- LIMITED LIABILITY COMPANY
- SOLE PROPRIETORSHIP/INDIVIDUAL

6. DESCRIPTIVE TITLE OF APPLICANT'S REQUEST:

HAWAII IMMIGRANT HEALTH INITIATIVE, whose goal is to significantly increase access to primary medical, dental, and mental health services for low-income immigrants and migrants to who are uninsured because they do not qualify for Medicaid.

4. FEDERAL TAX ID #: _____

5. STATE TAX ID #: _____

7. AMOUNT OF STATE FUNDS REQUESTED:

FY 2011-2012: \$ 550,000

8. STATUS OF SERVICE DESCRIBED IN THIS REQUEST:

- NEW SERVICE (PRESENTLY DOES NOT EXIST)
- EXISTING SERVICE (PRESENTLY IN OPERATION)

SPECIFY THE AMOUNT BY SOURCES OF FUNDS AVAILABLE AT THE TIME OF THIS REQUEST:

STATE \$ 550,000

FEDERAL \$ _____

COUNTY \$ _____

PRIVATE/OTHER \$ _____

WAS IN EXISTENCE FROM 1997 UNTIL STATE FUNDING CANCELLED IN 2009.

TYPE NAME & TITLE OF AUTHORIZED REPRESENTATIVE:

DATE SIGNED

Background & Summary

Brief Description of Applicant

The Hawai'i Primary Care Association (HPCA), incorporated in 1988, is a private, nonprofit corporation under the laws of the State of Hawai'i. Our mission is to improve the health of communities by advocating for, expanding access to, and sustaining high quality care through the statewide network of community health centers. HPCA's unique role is to create a forum for health center collaboration and act as chief collective voice for community health centers with policy-makers and the public, manage subcontracted funds to the community health centers for various purposes, provide diverse training and technical assistance opportunities, lead efforts in acquisition and use of health information technology, and support projects that enhance healthcare access and quality. HPCA's agenda to improve and expand access and quality through community health centers in Hawai'i is as follows:

- Maintaining and strengthening existing Community Health Centers.
- Support expansion of existing and development of new Community Health Centers.
- Surveillance of Community Health Center needs and the health care environment.
- Assist with training, recruitment and retention and other workforce needs.
- Provide a forum for collaboration and serve as a liaison to other agencies.
- Improve clinical quality and monitoring of clinical outcomes.
- Leverage and increase resources that support Community Health Centers and the underserved.

Goals and Objectives Related to Request

The **goal** of this request is to significantly increase access to primary medical, dental, and mental health services for low-income immigrants and migrants to who are uninsured because they do not qualify for Medicaid.

The **objective** is to subsidize the cost of primary care services provided to migrants and immigrants by federally qualified health centers (also known as FQHCs, community health centers, or CHCs) and enhance the health centers' capacity to provide high quality preventive services as Patient-Centered Health Care Homes. Services will be available on six islands for uninsured immigrants and migrants whose incomes and assets would qualify them for Medicaid. Up to 1500 uninsured immigrants and migrants will be aided by these funds during fiscal year 2011.

Public Purpose and Need Served by Program

Two essential public purposes are served by this proposed program:

1. **Humanitarian.** Because low income uninsured people are not able to pay for essential health care services themselves, the program provides reliable access to such care. This will reduce unnecessary suffering, economic loss, and permanent disability among people already disadvantaged.
2. **Economic.** Research shows that federally qualified health centers save more than \$2000 per patient per year in health care costs. We estimate that this program will save the state and our hospitals statewide up to \$30 million by reducing uncompensated care at emergency rooms, in hospitals, or elsewhere in the system.

Target Population

The target population for this program is immigrants who have been in the country for less than five years who would have qualified for Medicaid but for the bar on participating in federal means-tested benefits. The program also targets Pacific Islander migrants who may be unable to enroll in Medicaid.

Geographic Coverage

Our project will work through federally qualified health centers that have a statewide presence, serving more than 1 in 10 Hawaii residents at 55 locations on six islands.

Service Summary and Outcomes

Scope of work, tasks, responsibilities

The Hawaii Primary Care Association will subcontract with all interested federally qualified health centers to provide primary care services for low income uninsured Hawaii residents.

Patients who are eligible will be:

- Are immigrants or migrants.
- Hawaii residents.
- Have no insurance for the health services they need.
- Demonstrate incomes and assets that would have qualified them for Medicaid had they been eligible for that program.

Services provided may include:

- Primary medical, dental, and mental health care.
- Prescription drugs.
- Chronic disease management including education, counseling, and status monitoring and control.

Timeline

Services will be provided during fiscal year 2011.

Quality Assurance and Evaluation

HPCA's subcontracts with FQHCs will specify reporting requirements associated with payment. See specific measures below. HPCA will monitor subcontractor performance both by requiring data in quarterly reports submitted for reimbursement and by making an annual monitoring and technical assistance visit to each subcontracting health center.

HPCA is uniquely able to support performance improvement as indicated by FQHC reports and program monitoring as we are also the only organization in Hawaii whose mission and federal resources are aimed at improving community health center capacity, clinical performance, and adoption of the Patient-Centered Health Care Home model.

Measures of Effectiveness

Activities subcontractors will be required to report will include:

- Specific patient demographic information;
- Number and type of clinical visit; and
- Number and type of prescriptions filled;

Clinical outcomes that will be measured will be negotiated with the Department of Health and will be from among the identified measures in the comprehensive list attached as Appendix 1. Measures selected will be aligned with DOH priorities, meaningful use requirements, and data required by the federal government from all FQHCs.

Reports will be submitted to the Department of Health on a quarterly basis that indicate activity levels, performance on agreed-upon measures, and any problems or changes encountered.

Financial

See attached for details. Anticipated quarterly funding requests for FY 2011-12 are as follows:

Quarter 1	Quarter 2	Quarter 3	Quarter 4	Total Grant
\$137,500	\$137,500	\$137,500	\$137,500	\$550,000

Experience and Capability

Necessary Skills & Experience

HPCA has a history of successful contract management with federal and state governments, including those where funds are subcontracted to FQHCs and payments are made strictly according to contract deliverables. Services under these contracts have included training and technical assistance to enable FQHCs to meet contract requirements as well as disbursement of funds, data collection, and reporting to funding agencies. HPCA managed services under the Immigrant Health Initiative from its inception in 1997 until DHS cancelled funding in 2008.

Current or recent contracts with the Department of Human Services include:

HPCA Name	Contract #	Title	Amount	Annual Amounts
DHS-Outreach	DHS-08-MQD-5163/56970	Education and Outreach Services for the State of Hawaii, Department of Human Services, Med-QUEST Division.	\$2,797,785	Over 3 years: Yr 1: 1,250,000 Yr 2: 800,000 Yr 3: 747,785
DHS-HCK	DHS-08-MQD-5164/57421	Outreach Services and Strategies to Identify Uninsured Children	\$709,675	Over 3 years: Yr 1: 409,050 Yr 2: 180,375 Yr 3: 120,250 (8 months)
DHS-IHI	DHS-08-MQD-5121/56670	Hawaii Immigrant Health Services for Department of Human Services, Med-QUEST Division.	\$550,000	HPCA managed contracts from 1997-2009. \$550,000 was annual contract amount.

DOH-Asthma	ASO Log No. 09-169	Childhood Rural Asthma Project	\$407,886	Over 3 years: Yr 1: 92,886 Yr 2: 141,000 Yr 3: 174,000
------------	--------------------	--------------------------------	-----------	---

Facilities

HPCA occupies adequate office space in an ADA-compliant downtown office building.

Personnel: Project Organization & Staffing

Proposed Staffing, Qualifications, Supervision, Training

The Hawaii Primary Care Association is adequately staffed by individuals with the appropriate professional credentials and experience to manage the program, subcontracts, and reporting successfully. These include:

- **Chief Executive Officer** Beth Giesting, with more than 16 years experience working with the Hawaii Primary Care Association and community health centers. She provides overall program oversight.
- **Chief Financial Officer** Tricia Siarot, who has been in that position for eight years. She oversees all fiscal services including budgeting and allocations, contract payments, and reporting to funders.
- **Chief Operating Officer** Kathy Suzuki-Kitagawa, who has worked with HPCA since 2000 and functions as contracts and compliance officer.
- **Performance monitoring and improvement** staff will be primarily Robert Hirokawa and Cristina Vocalan who have public health, epidemiology, and clinical credentials.

Additional support staff will ensure data collection, in-put, reporting, and fiscal management and control.
